UNLEASHING CHANGEMAKERS™

# Unleashing Changemakers

At the heart of our mission lies a passion to nurture dynamic individuals ready to shape the future. With a commitment to develop well-rounded graduates, we empower our students to spearhead communities and hone essential leadership qualities while fostering a genuine spirit of compassion.

Embark on a transformative educational journey where learning transcends boundaries. Our innovative teaching methodologies and state-of-the-art facilities boasting thirty-five specialised laboratories pave the way for groundbreaking research and development.

Join a vibrant community of over 8,000 current students and become part of our ever-expanding network of successful alumni. At the University of Cyberjaya, we don't just offer education; we provide opportunities for growth, empowerment, and impact.

Discover why we stand as the University of Choice for aspiring changemakers. Embrace the future with us, and let's unleash your potential together!

"

I am thrilled to have been granted a scholarship to attend UoC, where I can pursue my desired course. The lecturers were so understanding, kind and patient. I aspire to be a Clinical dietician. UOC and academically bright peers have been a challenging environment for me. UoC also provided me with a solid academic foundation, opportunities for practical experience, and mentors who contributed to my career readiness and ambition.

"

## Sherin Fatimah Binti Samzoori Hussain

Bachelor in Dietetics (Honours)

# Vice Chancellor's Foreword

Welcome and thank you for your interest in University of Cyberjaya and Cyberjaya College Central. Making a career choice or deciding on a place of study can be very exciting and important decision for you, and we are here to provide you with all the information and support that you may require.

Here at the University of Cyberjaya together with our affliated colleges, we prioritise towards providing a holistic education for students with an aim of producing excellent individuals who will prosper and excel in serving all of humanity. I am proud to share that together with our affiliated colleges, we have successfully produced more than 13,000 graduates who are at the forefront of various industries. Our academics are drawn from some of Malaysia's leading healthcare organisations, both public and private, and they continue to play a leading role in their chosen field.

Quality is given the utmost importance in our quest to deliver the best. We continue to focus on international best practices and set new standards in education. In recognition of our steadfast commitment to quality, the University is also ranked Competitive (Berdaya Saing) by the Ministry of Higher Education's SETARA 2022 ratings.

I invite you to join us today and embark on this purposeful journey.

**Professor Dr. Zabidi Azhar Mohd Hussin PSK**
*MBBS (Newcastle-upon-Tyne), DCH (Glasgow), MRCP UK (Edinburgh), FRCPCH (UK)*

# Contents
# About University of Cyberjaya

University of Cyberjaya (UoC) is a top-tier university in Malaysia as reflected in the latest QS Rankings which accorded UoC a 5-star rating. The University is also ranked Competitive (Berdaya Saing) by the Ministry of Higher Education's SETARA ratings.

Established in 2005, and with an investment of RM200 million, the University is located in Cyberjaya, Malaysia's first smart-city on a 5 acre, modern, fully equipped, green-friendly campus. The campus is surrounded by lush greeneries and provides a serene backdrop for a conducive environment for student living and learning.

UoC now offers more than 40 programmes, including undergraduate, postgraduate-taught and postgraduate-research programmes across multiple disciplines. These include Medicine, Health Sciences, Nursing, Pharmaceutical Sciences, Psychology, Creative Arts and Design, Mass Communications, Physiotherapy, Homeopathic Medical Sciences, Business and IT and Biomedical Engineering Technology among others. The University, together with its affiliated institutions currently have a student population of over 8,000, have produced more than 13,000 successful graduates.

# An Award-Winning and Globally Connected University

The University is currently ranked in the top 401-600 under the 2023 Times Higher Education (THE) Impact Rankings. We were also in the top 300 for No Poverty, top 400 for Zero Hunger, top 200 for Good Health and Well-being, top 300 for Gender Equality and top 300 for Partnerships for the Goals.

We continue to connect and collaborate with the best in industry and professional bodies to ensure that our programmes remain relevant and up to current standards and practice. We are recognised by the World Medical Directory of Medical Schools which is supported by the World Health Organisation. We also partnered with the World Federation for Medical Education (WFME) and the Foundation for Advancement of International Medical Education and Research (FAIMER). Our medical programme is also recognised by the National Medical Commission of India (NMC), Maldives Medical & Dental Council (MNDC) and Bangladesh Medical and Dental Council.

The University is also the only institution in Malaysia which offers the Doctor of Pharmacy programme which has been jointly developed with the University of Southern California, United States.

We are also the partner of choice by the Malaysian Ministry of Health in developing programmes for complementary and traditional medicine as we are currently the only institution in South East Asia to provide an accredited homeopathic medical sciences degree programme.

The University continues to nurture partnerships with international universities and institutions from the United States, United Kingdom, Indonesia, India, Thailand, Maldives, Sri Lanka and Bangladesh for its research and academic collaborations. Our industry partnerships also extend to some of the world's largest medical device manufacturers and pharmaceutical manufacturers.

# Our Colleges

Committed towards providing quality education that is accessible for all, the University's affiliated colleges offer accredited diploma and certification programmes that are widely sought-after by the industry, ensuring graduates are always in-demand. These colleges are located in Cyberjaya, Selangor, Kota Kinabalu, Sabah and Kuching, Sarawak.

## Cyberjaya College Central

This college is an affiliate of University of Cyberjaya. It offers a Diploma in Healthcare alongside certificates in Business Studies, Healthcare and Information Technology. Students share the same facilities as their peers at the University, and are prioritised for the University's undergraduate and postgraduate programmes when they choose to further their studies. The college's core mission is to transform societies with holistic learning through outstanding student experience. Committed to foster essential skills and competencies, its curriculum is designed for students to achieve their potential. For more information on our Central campus, visit:
***college.cyberjaya.edu.my***

## Cyberjaya College Kota Kinabalu

Cyberjaya College Kota Kinabalu has been established since 2008. The College specialises in health science programmes such as Nursing, Pharmacy, Physiotherapy, Healthcare and Psychology. The college also has programmes focused in Business Studies as well as Foundation studies.

The campus is fully equipped with modern facilities and latest laboratories for quality education and students experience. For more information on our Kota Kinabalu campus, visit: ***kk.cyberjaya.edu.my***

## Cyberjaya College Kuching

Cyberjaya College Kuching has been established since 2010. The College specialises in health science programmes such as Healthcare, Environmental Health, Physiotherapy, Medical Laboratory Technology and Foundation in Health Sciences. The college also offers programmes in Business Studies, Occupational Safety and Health as well as Foundation studies.

The campus is equipped with essential state-of-the-art facilities and laboratories to keep abreast of the latest industrial trend, thereby enriching student's learning experience. The college is focused on producing trained, qualified and competent graduates for domestic and international markets in health sciences and various other disciplines, and aims to be the college of choice in Sarawak. For more information on our Kuching campus, visit:
***kch.cyberjaya.edu.my***

"

My time in University of Cyberjaya (UoC) has shaped the person I am now. The celebrations, the turmoil, the pandemic, were all crucial points of my development - and I am incredibly lucky, to have gone through all of the above with UoC.

Never in a million years would I have imagined to go from being a diploma student to studying overseas, let alone studying in Cambridge; but UoC has provided me with the knowledge, grit, skills, and experience to be where I am today. I am immensely thankful for the foundation of Psychological knowledge my UoC lecturers have so graciously shared with me.

"

## Adibah Sabrina Binti Mohd Azizulezly

*Psychology degree student at University of Cambridge*

Diploma in Psychology, Class of 2022

# A World-class Campus

> Our purpose-built campus truly integrates social and learning spaces, with high regard for quality student experience at the heart of our ecosystem.

Take a break next to the fountain at our courtyard, sipping on iced coffee under a canopy of trees. Once you're done, it's off to class, either at our state-of-the-art lecture halls or one of our cozy classrooms.

We have invested over RM200 million for the comfort and wellbeing of our students in order for them to excel and be the best that they can be.

### Learning spaces

### University Library
Our campus is fully equipped to cater to the scholar within. Our Library is equipped with over 18,000 titles along with thousands of other digital media. With access to over 100 high-impact international e-Journals, students are able to access thousands of research papers and other digital literature at the tip of their fingers.

### Study Spaces
You are spoilt for choice when it comes to study spaces. Students can choose to study in numerous locations across the campus to catch-up on their revision, or to conduct group assignments. Choose from fully air-conditioned rooms to open-air spaces - all comes with full Wi-Fi.

### Science Laboratories
As experts in healthcare education, we recognise the importance of state-of-the-art labs, which is why we have 35 of them. These labs include Pharmacognosy Lab, Medical Sciences Lab, Clean Room, Electric and Electronic Lab, Pharmaceutical Compounding Lab and Instrumentation Lab among others. These labs are equipped with High Performance Liquid Chromatography (HPLC), Gas Chromatography (GC), Spectrophotometer, Gel Documentation System, ELISA Absorbance Reader, Freeze Dryer and Polymerase Chain Reaction thermal cycler (PCR) among others.

### Lecture Halls and Classrooms
With an innate understanding in how learning can evolve, our lecture halls have been designed to be modular, enabling different styles of teaching and learning. Our halls accommodates up to 100 students for conference-style learning, or up to 300 participants in an event-style seating.

### Programme-specific facilities
We know that it's important for our students to gain a deeper understanding towards their fields, and therefore, these facilities are available for our students:
- Mock Pharmacy
- Homeopathy Clinic
- Anatomy Gallery
- Simulated Clinical Wards
- Cosmetics lab
- Psychology labs
- Innovation and Creative Technology Hub

### Social Spaces

### Courtyard
At the heart of the campus is the courtyard area. Framed with lush greenery with a fountain, this space is the backdrop to many student activities and events on campus. The courtyard also has plenty of open study spaces for students who just want to enjoy the sun after a day of classes indoors.
### Brahim's - Campus Cafeteria
Our campus cafeteria is managed by Brahim's and is able to hold more than 500 patrons at one time. The convenient setting within the campus serves a variety of mouth-watering delicacies that are both local and international. The cafeteria also serves as an important social space for the university community to convene and relax in between classes.

**Restaurants, Cafés and Convenience Store**

Our campus also houses a vibrant mix of other dining choices. Students have the option to dine at other restaurants and cafes housed near the University's courtyard area for a relaxing time in-between their hectic schedules. The University also has a convenience store where students and staff alike are able to purchase quick bites and other emergency essentials.

**Take a virtual tour of our campus**

# An Engaging Student Experience

We understand that an engaging student experience also involves activities outside of the classroom. Which is why our student clubs and societies are an integral part of the university experience. We nurture leadership attributes and skills through student-led events and activities organised through over 30 student clubs and associations.

In providing the ultimate university experience, the University collaborate with students to organise exciting events. Through these opportunities, students develop emotional intelligence and independence. These activities include get-togethers, seminars, recreational outings, sports and games, community service projects and school visits.

### Our student clubs and societies
- Chinese Language Society UOC
- Cyberjaya University Pharmacy Students' Society (CUPSS)
- Foundation Students Association (FOSA) UOC
- Harmoni Cyberjaya UOC
- International Students Committee (ISC) UOC
- Kelab Intelek Quran (KIQ)
- Kelab Penyayang UOC
- Medical Assistant Society (MAS) UOC
- Medical Check Up Team (MCUT) UOC
- Medical Undergraduates Society (MUGS) UOC
- Nature and Society Club (NSC) UOC
- Peer Wellness Club (PWC) UOC
- Pendekar Silang Cyberjaya UOC
- Performing Arts Oasis (PAO) UOC
- Psyche Club of UOC
- Students Clubs & Activities Patronage (SCAP) UOC
- Tamil Language Club of UoC
- Twenties for Smileys (TFS) UOC
- University of Cyberjaya Society of Homeopathy (CSH)
- UOC Calyx Netball Team
- UoC Debate Club
- UOC Occupational Safety & Health Club
- UoC Physiotherapy Society

# Be A UoC Alumni

What does it mean to be part of the UoC Alumni body? You will become part of a community of more than 13,000 graduates who have gone on to have successful careers in their chosen field of study, or are owners of their own businesses as entrepreneurs. You will be carriers of the proud UoC name, known internationally for its dedication towards quality and excellence.

# Research Consortium

Fueling Innovation Through Diversity: Our Research Consortium, spanning Medicine, Pharmacy, Nursing, Allied Health Sciences, Biomedical Engineering, Psychology, Social Sciences, Safety and Health, Traditional and Complementary Medicine, Business and Technology, and Art & Creative Sciences brings interdisciplinary excellence to the forefront, shaping a future of pioneering advancements in healthcare, technology, and social well-being.

### Physiology

Current physiology research delves into cellular and molecular mechanisms, gene interactions, organ functions, and systemic physiological responses. Scientists explore integrative approaches like studying how exercise affects adaptations and the microbiome's role in maintaining physiological balance. These studies contribute to medical knowledge, informing strategies for enhancing overall health.

### Pharmacology

Current pharmacology research investigates novel drug development, precision medicine approaches, and the molecular mechanisms of drug interactions. Researchers explore targeted therapies, personalised treatment strategies, and the optimisation of pharmaceutical interventions.

### Cardiovascular Research

Current research in Cardiovascular Sciences focuses on developing advanced medications for heart and circulatory system disorders. Studies explore innovative treatments, genetic factors influencing cardiovascular health, & advancements in imaging technologies for more precise diagnostics.

### Behavioural Sciences

Behavioural Sciences encompass the study of human actions, incorporating sociology, social and cultural anthropology, psychology, and behavioural aspects of biology, economics, geography, law, psychiatry, political science, and neuroscience.

### Disaster and Emergency Medicine

Disaster and Emergency Medicine extends beyond providing healthcare to survivors, encompassing the preparation, planning, response, and recovery leadership in medically related aspects throughout the entire disaster life cycle.

### Public Health

Recent public health research focuses on infectious disease prevention, health equity initiatives, and the impact of social determinants on population health. Scientists explore innovative public health interventions and strategies to address emerging health challenges, contributing to the advancement of global well-being.

### Microbiology

Microbiological Sciences currently emphasise researching the genetics of microorganisms and delving into the biology of infectious diseases. Ongoing studies explore the molecular aspects of microbial genetics and provide insights into the mechanisms underlying infectious diseases.

### Occupational and Environmental Sciences

In the realm of Occupational and Environmental Sciences, current research is advancing the multidisciplinary understanding of ensuring the safety,

health, and well-being of individuals in the workplace. Investigations explore innovative strategies for occupational safety, environmental health impact assessments, and the development of interventions to promote overall welfare in work environments.

### Business and Marketing

Current research in business and marketing explores digital marketing trends, evolving consumer behaviours, sustainable business practices, e-commerce dynamics, and the integration of data analytics for personalised marketing strategies. Scholars are actively investigating how businesses adapt to the changing landscape and leverage emerging technologies to enhance customer engagement and overall market performance.

### Medical Education

Current research in medical education focuses on innovative teaching methods, technology integration in curriculum delivery, assessment strategies for competency-based learning, and the impact of experiential training on student outcomes. Scholars are exploring ways to enhance medical education to better prepare healthcare professionals for evolving healthcare landscapes and patient-centered care.

**research@cyberjaya.edu.my**

Thanks to the University of Cyberjaya, I had the opportunity to gain experience in the community and industry during my internship where I expanded my knowledge in the field. Upon graduating, I started at a pharmaceutical company. Then, had the opportunity to join the Ministry of Health in an exciting role to protect public health by monitoring importation and sales of medicine, health products and more in accordance with enforced law and regulations.

# Shaping Your Future With Us

## 2 COMPLETED A PRE-UNIVERSITY PROGRAMME?

**Apply for our Undergraduate programme.**
You have completed your A-levels / STPM/ Diploma/ Foundation, and you are looking at options for your future. Consider our Undergraduate programmes in various fields of study.

## 1 JUST FINISHED HIGH SCHOOL?

**Join our Foundation.** If you are still deciding on a career, choose one of our Foundation programmes to kickstart your University journey.

**Make it with our Diploma.** If you are already sure of what you want to do, our diploma programmes can take you further.

## 3 HAVE SOME WORKING EXPERIENCES & WANT TO UP-SKILL?

**Be a Postgraduate student.** You are already working, but you need that little boost in your academics to go even further. Apply for one of our postgraduate programmes.

# 4 CONSIDER OUR CERTIFICATE PROGRAMMES?

**Our certificate programmes** are designed to be an additional pathway to our diploma and degree programmes. Find out how you can benefit from our certificate programmes.

*Yasotha A/P Saravanan*
*Certificate in Business*

My experience at Cyberjaya College Central has been incredibly motivating and life-changing. My lecturers were very supportive and attentive. I've earned a CGPA of 3.23, allowing me to continue my studies for a Diploma in Business Administration with the University of Cyberjaya.

# 5 KEEN TO IMPROVE ON YOUR ENGLISH PROFICIENCY?

**Our Intensive Preparation for IELTS** is available, either for entry into University programmes or for professional up-skilling.

# 6 INTERESTED IN RESEARCH?

**Take a look at our list of Masters and PhD programmes** that you can complete via research. Gain access to our academic expertise across multiple fields as well as to our world-class labs and facilities**.**

*Naji Khaled Abdo Qaid*
*PhD Student, Faculty of Business and Technology*

The lessons I have received have been practical, and my experience with my supervisor have been great, as he guides me to achieve my goals.

# Forming a Foundation for the Future

The Centre for Foundation, Languages and General Studies at University of Cyberjaya plays an important role in designing and developing Foundation and other bridging programmes for school leavers to prepare them for university life. The Centre's unique Pathfinder programme has been a major draw during the end of the year school holidays and has helped scores of students appreciate various career options.

The dedicated and highly experienced team at the Centre is committed to making this a center of excellence in teaching and learning through an efficient management and with a conducive environment to achieve its educational objectives.

# Foundation Programmes

*Intake:* March, July, October
*Duration:* 1 year

**Study Mode & Delivery Method**
Full time:
*   Lectures and tutorials
*   Practical laboratory experiments

**Assessment**
Continuous Assessment (50%)
Final examination (50%)

Our Foundation programmes are designed to prepare students exclusively for undergraduate programmes at UoC. They serve as an intensive preparatory course comprising specific subjects that will ensure that students are equipped with knowledge and skills to excel in their chosen undergraduate programme of choice. Students are also exposed to a variety of extracurricular activities as a means to build strong leadership attributes, organisational management abilities and social skills.

• Hifz Al-Quran Tahriri 1
• Tajwid Ilmi 1
• Tajwid Amali 1
• Hifz Al-Quran Syafawi 2
• Hifz Al-Quran Tahriri 2
• Tajwid Ilmi 2
• Tajwid Amali 2

**Year 2**
• Hifz Al-Quran Syafawi 3
• Hifz Al-Quran Tahriri 3
• Adab Hamalah Al-Quran
• Tajwid Amali 3
• Hifz Al-Quran Syafawi 4
• Hifz Al-Quran Tahriri 4
• Tajwid Amali 4
• Tafsir Al-Quran Wa Ulumuhu

**Year 3**
• Hifz Al-Quran Syafawi 5
• Hifz Al-Quran Tahriri 5
• Tajwid Amali 5
• Hifz Al-Quran Syafawi 6
• Hifz Al-Quran Tahriri 6
• Tajwid Amali 6

### Entry Requirements
**Category 1**
Tahfiz Al-Quran Certification – Recognised by Darul Quran, JAKIM
• Has memorised at least 15 Juz of the Quran; and
• Passes an interview by the University

**Category 2**
Tahfiz Al-Quran Certification – Recognised by University of Cyberjaya
• Is able to read the Quran well
• Strong interest in memorising the Quran
• Passes an interview by the University

### Recognised by

# Medicine

Committed to producing quality graduates in the field of Medicine, the University offers a fully-accredited MBBS programme recognised by the Malaysian Medical Council and other international medical organisations.

We provide excellent facilities to prepare students for practice in a team-based, interdisciplinary environment. Students will gain the essential knowledge and practical skills to deliver patient-centered care in clinical settings. We focus on high-quality teaching and engaging student experience.

The programme under the Faculty of Medicine expertly blends academic knowledge and clinical experience to produce graduates who are skilled, competent and caring.
"

As a student at the University of Cyberjaya, my journey into the medical field has been deeply influenced by the inspiring presence of my father, a Colorectal & Laparoscopic Surgeon. However, it is here at the University of Cyberjaya that I have truly found my passion ignited. The interactive lecturers at the University of Cyberjaya foster a dynamic learning environment, encouraging two-way communication and providing invaluable feedback. The structured study programme, which breaks down medical knowledge into manageable systems and blocks, has been instrumental in enhancing my understanding of the curriculum.

"

## Raja Malena binti Raja Badrul Hisham

Bachelor of Medicine and Bachelor of Surgery (MBBS)

# Bachelor of Medicine & Bachelor of Surgery (MBBS)

***Programme Code:***
(R3/721/6/0023)01/28 (MQA/FA5324)
***Intake:*** October
***Duration:*** Full-time, 5 years

**T**his 5-year programme is divided into two phases, the Basic Medical Sciences phase (Year 1-2) and Clinical Sciences Phase (Year 3-5). The first two years serve as the foundation of basic medical knowledge and is organised in sequential courses incorporating early clinical exposures. From the third year onwards, theoretical training is extended with clinical practice in the various affiliate hospitals and health centres. The programme also incorporates Disaster and Relief Medicine in the curriculum which helps to prepare future graduates to work in humanitarian and relief missions.

### Key Courses
**Year 1**
- Behavioural Sciences
- General Anatomy
- Introductory Medical Physiology
- Molecular Basis of Medicine & Nutrition
- Early Clinical & Professional Development 1
- Medical Microbiology & Immunology
- General Pathology
- General Pharmacology
- Endocrine System
- Musculoskeletal System
- Elective For Personal Development
- Early Clinical & Professional Development 2

**Year 2**
- Cardiovascular System
- Respiratory System
- Haematology
- Nervous System
- Gastrointestinal System
- Early Clinical & Professional Development 3
- Reproductive System
- Urinary System
- Research & Evidence-based Medicine 1 (REBM 1)
- Public Health
- Disaster & Relief Medicine 1
- Early Clinical & Professional Development 4

**Year 3**
- Research & Evidence-based Medicine 2 (REBM 2)
- Internal Medicine 1
- Surgery 1
- Obstetric & Gynaecology 1
- Paediatrics 1
- Community Medicine

**Year 4**
- Research & Evidence-based Medicine 3 (REBM 3)
- Forensic Medicine

- Orthopaedics 1
- Mental Health, General & Military Psychiatry
- Specialty Postings
- Family Medicine
- Clinical Elective
- Contemporary Topics in Medicine
- Disaster & Relief Medicine 2

**Year 5**
- Internal Medicine 2
- Surgery 2
- Obstetrics & Gynaecology 2
- Paediatrics 2
- Orthopedics 2
- Clinical Psychiatry
- Emergency Medicine
- Internal Medicine 3
- Surgery 3
- Obstetrics & Gynaecology 3
- Paediatrics 3

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
Graduates will be well equipped to seek a future career as a:
- Medical Officer in Public Hospitals
- Private Medical Centre Physician
- Healthcare Administrator
- Higher Education Lecturer
- Research Scientist
- International Healthcare Personnel

### Summarised Entry Requirements
**STPM/A-Levels**
Grades BBB, ABC or AAC, or CGPA 3.00 (out of 4.0) in three subjects i.e;
- Biology
- Chemistry; AND
- Physics or Mathematics

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 146-147.*

"

I came across University of Cyberjaya at the time when it was still Cyberjaya University College of Medical Sciences while I was researching on places to study. My family and I planned a trip to Malaysia to see the institution, and we liked it, and so I enrolled as a foundation student in 2014. After my foundation year, I started my MBBS from 2015 until 2020. I would really recommend this University because the management and the lecturers are really helpful. They have made things easy for me. The campus is also beautiful, with our accommodation nearby, making it easy to access necessities. The University is also well-known in the medical community, as I found out through my medical postings.

"

## Dr. Mariyam Nadha Ibrahim Zameer

*Medical Officer at IGMH Hospital, Maldives.*

First Maldivian UoC MBBS graduate, Class of 2020

# Pharmacy

The University is the first private institution in Malaysia to offer the Masters in Clinical Pharmacy programme (MClinPharm) and the only higher education provider in Malaysia that offers the postgraduate Doctor of Pharmacy (PharmD) programme. This demonstrates the University's dedication towards offering only the best pharmacy programmes to educate tomorrow's experts in the field. Within the University's Pharmacy Faculty are five departments which are the Department of Pharmaceutical Sciences, Department of Pharmaceutical Technology & Industry, Department of Community & Pharmacy Practice, Department of Hospital & Clinical Pharmacy and Department of Cosmetics.

UoC is also a Provisionally Registered Pharmacist (PRP) training premise listed under the second schedule of the Pharmacists Registration Act 1951, which is a testament of the government's confidence in the University's Pharmacy programme.

"

The University of Cyberjaya has diligently prepared me for my future career endeavours by emphasising the development of soft skills through workshops and talks, providing networking opportunities through various clubs and forums, facilitating real workplace exposure through clinical visits, and ensuring hands-on experience in labs and practicals. This holistic approach has significantly equipped me for the challenges and aspirations that lie ahead, instilling confidence in my ability to thrive in my chosen field.

"

## Esther Chai Chang Huan
Bachelor of Pharmacy (Honours)

# Diploma in Cosmetics

***Programme Code:***
(R/1012/4/0002)06/29 (MQA/FA11723)
***Intake:*** March, July, October
***Duration:*** Full-time, 2.5 years

**T**he Diploma in Cosmetics programme is designed for students to become professionally trained in knowledge and skills related to the formulation and usage of cosmetics. The programme's objective is to produce graduates with a comprehensive understanding of the principles of cosmetic preparation, formulation, evaluation and safety. It also aims to produce graduates who can become entrepreneurs in the cosmetics and beauty industry.

### Key Courses
**Year 1**
- Introduction to Cosmetics
- Introduction to Alternative Therapy
- Introduction to Chemistry in Cosmetics
- Fundamentals of Biochemistry
- Fundamentals of Microbiology
- Introduction to the Human Body
- Introduction to Cosmetic Preparations
- Hair Products
- Skin Products
- Perfumery
- Aromatherapy
- Oral Hygiene Products
- Colour Cosmetics
- Fundamental English 1 & 2

**Year 2**
- Halal Cosmetics
- Cosmetic Products Safety
- Cosmetic Marketing
- Cosmetic Legislation & Control
- Cosmetics Quality Control
- Scalp & Hair Care
- Beauty Therapy
- Facial Therapy
- Introduction to Entrepreneurship
- Young Mercy
- Industrial Training 1
- Open Elective 1

**Year 3**
- Open Elective 2
- Introduction to IT Application
- Industrial Training 2

*\*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
Graduates will be well equipped to seek a career as a:
- Cosmetic Formulation Assistant
- Cosmetic Safety & Evaluation Assistant
- Cosmetic Regulatory Assistant
- Cosmetic Marketer
- Cosmetic & Beauty Entrepreneur

With further studies and advanced training, graduates can qualify to be Cosmetic Scientists, Formulators, and Evaluators.
### Summarised Entry Requirements
**SPM/SPMV**
Pass with 3 Credits in any subjects

**STPM**
Pass with minimum Grade C (GPA 2.00) in one subject

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 142-143.*

# Diploma in Pharmacy

**Programme Code:**
(N/0916/4/0007)01/29 (MQA/PA17001)11/28
**Intake:** October
**Duration:** Full-time, 3 years

**D**iscover our transformative Diploma in Pharmacy programme, designed to prepare students for a career in the pharmaceutical industry. Key highlights include:

1. Cutting-edge Curriculum: Stay ahead with a curriculum aligned with the latest industry advancements, ensuring relevance and competitiveness.
2. Hands-on Training: Develop practical skills through access to state-of-the-art laboratories, fostering critical thinking and problem-solving abilities.
3. Experienced Faculty: Learn from industry professionals and esteemed faculty members with extensive experience in the pharmaceutical sector.
4. Career Development: Explore diverse career paths within the pharmaceutical sector, including roles in community pharmacies & hospitals.

### Key Courses
**Year 1**
- Human Anatomy
- Introduction to Pharmaceutical Calculations
- Inorganic Chemistry
- Organic Chemistry
- Basic Pharmacology
- Introduction to Pharmacy Practice
- Physiology
- Microbiology
- Pharmaceutics of Liquid Dosage Forms
- Pharmaceutics of Semi Solid & Other Dosage Forms
- Pharmaceutical Analysis
- Compounding and Dispensing Behavioural Sciences

**Year 2**
- Pharmacology of CVS & Respiratory Systems
- Pharmacology of Systemic Diseases
- Pharmaceutics of Solid Dosage Forms
- Compounding of Solid & Semi Solid Products
- Community Pharmacy & Entrepreneurship
- Public Health in Pharmacy
- Pharmacology of Chemotherapeutics & Immunologic agents
- Pharmacology of Peripheral & CNS
- Sterile Pharmaceutics
- Hospital Pharmacy
- Occupational Safety & Health
- Basic Life Support & First Aid

**Year 3**
- Hospital Pharmacy Training
- Industrial Training
- Research Methodology

*\*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
Contribute meaningfully to the pharmaceutical sector through diverse career paths which include:
- Professionals engaged in pharmaceutical management
- Community Pharmacy
- Pharmaceutical Practitioners
- Pharmacy Assistant
- Pharmacy Technician
- Sales or Marketing Executive

### Summarised Entry Requirements
**SPM**
Pass with at least credit in any 3 subjects including ONE science subject (Biology/Physics/Science) and pass Bahasa Malaysia

**STPM**
Pass with at least grade C (GPA 2.00) in one subject

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 140-141.*

# Bachelor of Pharmacy (Honours)

**Programme Code:**
(R3/727/6/0008)01/28 (MQA/FA3516)
**Intake:** September
**Duration:** Full-time, 4 years
*Maximum duration of candidature is 6 years*

This programme prepares students in various pharmaceutical fields, including exposure to military pharmacy as well as pharmacy management in disaster and humanitarian relief situations. Students are placed at hospitals and clinics under the Ministry of Health and Ministry of Defense for training and practical attachments. Students will also have access to community pharmacies and pharmaceutical industries during their studies.

### Key Courses
**Year 1**
- Pharmacists Professional Development
- Introduction to Human Anatomy & Physiology
- Pharmaceutical Biochemistry
- Pharmaceutical Chemistry
- Introduction to Pharmaceutics
- Introduction to PBL
- General Pharmacology
- Microbiology & Immunology for Pharmacy
- Drug Discovery & Development
- Pharmaceutical Compounding & Dispensing
- Pharmaceutical Analysis
- Skin Disorders
- Affective Domain 1

**Year 2**
- Basic Pharmacokinetics & Pharmacodynamics
- Respiratory Diseases
- Gastrointestinal & Hepatobiliary Disorders
- Cardiovascular Diseases
- Medicinal Chemistry
- Disaster & Relief Medicine (DRM)
- Chemistry of Natural Products
- Kidney Diseases
- Good Industrial Practices & Pharmaceutical Industry
- Infectious Diseases
- Women's & Men's Health
- Primary Care & Hospital Pharmacy
- Musculoskeletal Disorders
- Affective Domain 2

**Year 3**
- Pharmacy Legislation
- Neuropsychiatry Disorders
- Nuclear Pharmacy
- Oncology & Haematological Malignancies
- Research Methodology
- Endocrine Disorders
- Biostatistics
- Community Pharmacy Experiential Learning (ComPEL)
- Research Project
- Affective Domain 3

**Year 4**
- Medical Toxicology
- Pharmacy Management, Entrepreneurship and Pharmacoeconomics
- Primary Care Experiential Learning (PCEL)
- Hospital Pharmacy Experiential Learning (HosPEL)
- Industrial Pharmacy Experiential Learning (IPEL)
- Clinical Pharmacy Experiential Learning (CPEL)
- Inter-Professional Learning (IPL)
- Affective Domain 4

**Electives**
- Open Elective
- Sports Pharmacy
- Traditional and Complementary Medicines
- Nutraceuticals & Cosmeceuticals
- Public Health in Pharmacy
- Veterinary Pharmacy
- Introduction to Halal Pharmaceuticals
- Supply Chain Management & Logistic Pharmacy
- Addiction & Substances of Abuse

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
Graduates will be well equipped to seek a future career as a:
- Hospital & Clinical Pharmacist
- Community Pharmacist
- Primary Care Pharmacist
- Military Pharmacist
- Industrial Pharmacist
- Healthcare Administrator
- Higher Education lecturer
- Research Scientist
- International Aid / Development worker

### Summarised Entry Requirements
**STPM/A-Levels**
Grades BBB, ABC, AAC, or CGPA 3.00 (out of 4.0) in three subjects i.e;
- Biology
- Chemistry; AND
- Physics or Mathematics
with a minimum B in Chemistry

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 146-147.*

# Nursing

The current ratio is now at 1 nurse per 300 patients in Malaysia, which does not match the World Health Organisation's optimum number of 1 nurse per 200 patients. This shortage could lead to negligence and errors in nursing care, higher morbidity, and mortality rates. The Health Ministry has considered employing trained nurses from overseas to overcome the shortage of trained nurses in specialised nursing areas. In the fight against this crisis, University of Cyberjaya is offering Nursing programmes at both Degree and Diploma levels with hope to help serve the nation by producing more qualified and professional nurses.
"

UoC offers exceptional education. The lecturers are friendly and supportive. Pursuing nursing involves comprehending the human anatomy and improving communication abilities, and UoC has been instrumental in this regard. I am grateful to UoC for preparing me to work as a nurse abroad or to pursue a career as a university lecturer in the future.

"

## Nicholas Anak Nawit

Diploma in Nursing

# Diploma in Nursing

**Programme Code:**
(R3/0913/4/0032)03/29 (MQA/FA16957)
**Intake:** March, July, October
**Duration:** Full-time, 3 years

**T**he Diploma in Nursing programme is a three-year programme (9 semesters) that prepares students to be a qualified nurse, recognised in Malaysia, Singapore, Brunei and many other countries. Job opportunities are available upon graduation with local government and private hospitals.

### Key Courses

*\*Equivalent-refers to the overseas academic qualification obtained that is equivalent to SPM as approved by MQA.*

### Our Partner Hospitals

*Sponsorship and future job opportunities at these partner hospitals are available.*

# Psychology

The University recognises the importance of mental health and the need for more professionals in the field. Currently, there is only 1 Psychologist per 100,000 Malaysians, according to latest domestic statistics. Much lower than the recommended WHO ratio of 1 for every 10,000 people.

At University of Cyberjaya, students are able to complete their Diploma, Undergraduate as well as Postgraduate studies in Psychology. This allows them to have the most comprehensive coverage for knowledge related to the field. Students will also gain access to academics who are dedicated towards their profession as an educator as well as in the field of mental health. Our team of Psychology academics and students are one of the most active on campus – new students can look forward to being part of an engaging community.
"

My ambitions extend beyond academic excellence; I aspire to become a clinical psychologist or perhaps pursue a career in human resources, both avenues through which I can contribute meaningfully to society. The University plays a pivotal role in shaping my character, offering opportunities for personal growth through workshops and volunteer work. I have embarked on the journey of self-discovery and service, participating in volunteering events such as sustainable awareness forums, and joining suicide and crisis prevention workshops.

"

## Nurul Eisya binti Muzamir
Bachelor of Psychology (Honours)

# Diploma in Psychology

**Programme Code:**
(R2/0313/4/0027)06/28 (MQA/FA2972)

"

I am grateful that University of Cyberjaya helped me understand autism. Upon studying about this development disability, I realised there are ways for therapists to help them. This is where my interest for psychology has developed further. I'm thankful to have studied here as the University has exposed me to the different pathways I can explore as a Psychology graduate.

"

Psychology Graduate, Class of 2022

# Education

Our Education programmes are designed to address the complexities of modern educational practices, ensuring a curriculum that grounds students in educational theories, pedagogical skills, and innovative teaching methodologies.

The programmes are also aimed at cultivating educators who are proficient, adaptable, and reflective, towards promoting research, supporting continuous professional development and advocating for ethical education.

# Diploma in Early Childhood Education

**Programme Code:**
(N/0112/4/0022)06/28 (MQA/PA16378)04/28
**Intake:** March, July, October
**Duration:** Full-time, 2.5 years

**L**earn the core knowledge needed to dive into a career in Early Childhood Education (ECE). It promotes a holistic approach to education, focusing on the major aspects of a child's physical and mental growth. This programme is designed to produce graduates ready to enter any ECE work setting, fully prepared to provide a stimulating, safe and developmentally appropriate environment for young learners. Students in this programme practice their teaching skills with complete facilities on campus, including mock classrooms.

### Key Courses
**Year 1**
- Introduction to Early Childhood Education
- Development of Malaysian Preschool Curriculum
- Human Growth and Development
- Principles of Teaching and Learning in ECE
- Technology in Early Childhood Education
- Guiding Children (Observation and Assessment)
- Arts and Creativity in Early Childhood Education
- Classroom and Behavioural Management (Spiritual and Moral values)
- Personal and Professional Development
- Social Studies in Early Childhood Education
- Learning Disabilities

**Year 2**
- Early Mathematics for Children
- Music Appreciation and Movement in ECE
- Leadership in ECE
- Management in Early Childhood Education
- Early Science for Children
- Child and Adolescent Development
- Early Childhood Policies and Services
- Language and Literacy in ECE
- The Child, Family and Community Relations in ECE
- Safety, Health and Nutrition in Early Childhood Education
- Entrepreneurship in Early Childhood Education
- Communication and Persuasion in Early Childhood Education

**Year 3**
- Practicum 1 (Nursery)
- Practicum 2 (Kindergarten)

*\*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
This programme is tailored to ensure that graduates are qualified to join the workforce as:
- Pre-school teachers
- School teachers
- Education consultants

### Summarised Entry Requirements
**SPM**
Minimum three credits in any subject.

**STPM**
Pass with minimum Grade C (GPA2.00) in any subject.

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 144-145.*

# Bachelor of Education (Honours) in Early Childhood Education

*Programme Code:*
(N/0112/6/0006)08/28 (MQA/PA16512)06/28
*Intake:* March, July, October
*Duration:* Full-time, 3 years

**E**mbark on a transformative journey with our Early Childhood Education (ECE) programme. Gain practical experience through immersive internships and hands-on training in real educational settings. Our programme is designed to empower you with the essential tools and insights needed to nurture the minds of young learners, fostering their resilience and nurturing their creative problem-solving abilities.

Benefit from a supportive panel of educators guiding your practical training. Join a community dedicated to shaping the future of education, preparing you for impactful roles as educators, curriculum developers, and advocates for positive change.

### Key Courses
**Year 1**
- Introduction to Early Childhood Education
- Development of Malaysian Early Childhood Curriculum
- Classroom and Behavioural Management
- Management and Leadership in ECCE Centres
- Child Developmental Psychology
- Technology in Early Childhood Education
- Assessment in Early Childhood Education
- Arts and Creativity in Early Childhood Education
- Social Studies in Early Childhood Education
- Early Childhood Education Policies and Service

**Year 2**
- Early Mathematics for Children
- Language and Literacy in Early Childhood Education
- Music and Movement in Early Childhood Education
- Safety, Health and Nutrition in ECE
- The Child, Family and Community Relations in ECE
- Early Science for Children
- Advanced Creative Educational Method
- Child and Adolescent Development
- Childhood Literature: Malaysian Folktales
- Multilingualism: Pengajaran Bahasa Melayu untuk Kanak-Kanak
- Cognitive Psychology
- Moral Education in Early Childhood Education

**Year 3**
- Play Therapy
- Entrepreneurship in ECE
- Learning Disabilities in Early Years
- Characteristics and Development of Children with Special needs
- Curriculum and Syllabus Designing

- Teaching in Special Education Classroom
- Quality Physical Environment in Early Childhood Education
- Educational Research
- Internship I
- Internship II

*\*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
Graduates can pursue careers as:
- Preschool teachers
- Daycare coordinators
- Child development specialists
- Curriculum designers
- Educational consultants

### Summarised Entry Requirements
**STPM**
Pass with a minimum of Grade C (GP 2.00) in any 2 subjects or its equivalent.

**STAM**
Pass with a minimum grade of Jayyid.

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 154-155.*

# Bachelor of Education (Honours) in Teaching English as A Second Language

***Programme Code:***
(N/0114/6/0001)06/28 (MQA/PA16516)04/28
***Intake:*** March, July, October
***Duration:*** Full-time, 3 years

The Bachelor of Education in Teaching English as a Second Language (TESL) is a comprehensive programme designed to equip aspiring educators with the knowledge and skills needed to effectively teach English to second language learners.

This programme combines theoretical foundations with practical teaching experiences to develop competent and culturally sensitive language teachers. Students will study subjects such as linguistics, second language acquisition, curriculum design, assessment and evaluation, instructional strategies, and classroom management.

Through a combination of coursework, field experiences, and student teaching, graduates will be prepared to create engaging and inclusive learning environments, facilitate language development, and meet the diverse needs of English language learners. This programme aims to produce competent ESL teachers who can contribute towards the advancement of English language education globally.

### Key Courses
**Year 1**
- Materials Design and Development
- Pedagogy In Education
- Classroom and Behavioural Management
- Sociology in Education
- Learning Theories
- Human Growth and Development
- Learning Disabilities
- Educational Psychology
- Sociolinguistics
- Technology in Education
- Introduction to Language and Linguistics

**Year 2**
- Introduction to Assessment in Education
- Phonetics and Phonology
- Teaching of Grammar
- Psycholinguistics
- Teaching and Appreciation of Literature
- Teaching of Speaking and Listening
- Teaching Methodology
- Affective Domain
- Philosophy in Education
- English Morphology and Syntax
- Teaching English through drama
- Teaching, Reading and Writing
- Second Language Acquisition
- Discourse Analysis

**Year 3**
- Technology for Language Teaching
- Educational Research
- Language Testing and Assessment
- Curriculum and Syllabus Designing
- Theories of Psychotherapy
- Psychology of Personality
- E-learning principles
- Issues and Ethics in Education
- Management and Leadership in Education
- Industrial Training

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
- English Language Teacher (Primary and Secondary School)
- English Tutor
- Language Assessment Specialists
- Curriculum Developers
- Instructional Designer
- Advertising / Digital Copywriter
- Guidance Counsellor
- English Course Materials Developer
- Journalist
- Marketing Executive
- Public Relations Executive
- Trainer

### Summarised Entry Requirements
**STPM**
Pass with a minimum of Grade C (GPA 2.00) in any two (2) subjects.

**STAM**
Pass with a minimum grade of Jayyid.

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 154-155.*

# Allied Health Sciences

Our Allied Health Sciences highlight programmes that are necessary in the broader context of the health and medicine fields of study. These include accredited programmes that are directly assisting and supporting our healthcare industry. Our academics are experts in their respective fields with years of hands-on experience enabling them to guide students with theoretical knowledge as well as real-world application and experience.
"

My studies at UoC have been excellent. The lecturers have been outstanding. UoC even organises events that involves external parties coming to the University so that the students are exposed to many things, and ensuring that my goals are achieved. For this, the Centre of Biomedical Engineering, had a mentor-mentee session so that the lecturers could guide students in their respective paths.

"

## Kuuroshna Navamany

Bachelor of Biomedical Engineering Technology (Honours)

# Diploma in Healthcare

**Programme Code:**
(R2/720/4/0039)07/28 (A9196)
**Intake:** March, July, October
**Duration:** Full-time, 3 years

**O**ur Diploma in Healthcare is a 3-year programme which provide students with the knowledge in healthcare organisational values, strategies and philosophies, paving the way for graduates to obtain task-performing skills to be applied in a healthcare setting upon graduation.

### Key Courses
**Year 1**
- Introduction to Healthcare
- Behavioural Science
- Anatomy & Physiology
- Introduction to Environmental Health
- Basic Microbiology
- English for Communication Purposes
- Medical Ethics
- Health and Social Care Provision
- Medical Inventory Management

**Optional:**
- Leadership in Healthcare Management
- English for Business Purposes
- Organisational Behaviour

**Year 2**
- Medical Office Management
- Lifespan Development
- Health, Safety and Security
- Basic Immunology
- Business Communication
- Health Education and Promotion
- Epidemiology
- Introduction to Psychology
- Pharmacology
- Global Health Issues
- Interpersonal Communication Skills

**Year 3**
- Healthcare Marketing
- Biostatistics
- Healthcare Human Resource
- Healthcare Management
- Information System
- Ward and Lab Management
- Waste Management
- Healthcare Accounting
- Crisis Management in Healthcare
- Risk Management
- Practical Training in Hospitals / Healthcare Industry / Healthcare Retails

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
- Hospital Administrative Assistant
- Health Administrative Assistant
- Claims Processing Assistant
- Dental Admin Assistant
- Clinic Administrative Assistant
- Hospital Facilities Assistant
- Hospital Support Service Assistant
### Summarised Entry Requirements
SPM/O-Level or equivalent with PASS in Bahasa Malaysia and English with 3 credits in the following subjects:
- Mathematics or ONE science subject (Biology / Physics / Chemistry / General science); and
- Any other TWO subjects (including Bahasa Malaysia and / or English if obtained credit)

*or any other relevant qualification recognised by the Malaysian Government acceptable to the College. For a full breakdown of the entry requirements, please refer to pages 142-143.*

### Offered and taught by

CYBERJAYA COLLEGE CENTRAL

# Diploma in Medical and Health Science

**Programme Code:**
(R2/0913/4/0004)06/28 (MQA/FA1947)
*Intake:* May, November
*Duration:* Full-time, 3 years

**T**his diploma programme is designed for those eager to work alongside physicians as integral members of healthcare teams. This programme is recognised by the Medical Assistant Board, Ministry of Health Malaysia.

### Key Courses
**Year 1**
- Human Anatomy
- Health Sociology and Psychology
- Basic Medical Microbiology and Parasitology
- Law, Ethic and Professionalism in Health Care
- Basic Epidemiology
- Professional Practice & Patient Care
- Physiology I
- Falsafah Dan Isu Semasa / Bahasa Melayu Komunikasi 1
- English Language Skills & Critical Thinking
- Physiology II
- Pathology
- Medical Science I
- Surgical Science I
- Community Health I
- Clinical Examination I
- English Language Skills for Workplace

**Year 2**
- Pharmacology
- Medical Science II
- Surgical Science II
- Community Health II
- Clinical Examination II
- Introduction To Enterpreneurship / Perlembagaan & Masyarakat Malaysia
- Young Mercy / Wataniah / Sispa / Al-Quran & Sukarelawan / Environmental Volunteerism
- Community Health III
- Pre Hospital Care
- Emergency Medicine & Trauma Care
- Occupational Safety and Health
- Clinical Practice I : Medical
- Clinical Practice II: Otorhinolaringology
- Clinical Practice III : Paediatrics

**Year 3**
- Clinical Practice IV : Surgical And Operating Theatre
- Clinical Practice V : Orthopedics
- Clinical Practice VI: Family And Community Health, Maternal & Child Health, Primary Health Care
- Basic Research Methodology and Statistics
- Clinical Practice VII : Ophthalmology
- Clinical Practice VIII : Mental Health
- Clinical Practice IX : Emergency & Trauma Care
- Clinical Practice X : O&G
- Clinical Practice XI : Pre Hospital Care
- Health System Research (HSR)

*\*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
Graduates from this course will be eligible to obtain employment as Medical Assistants or Assistant Medical Officers (AMO) in Public Hospitals, Private Medical Centres, oil and gas, pre hospital services and other health industries and are recognised by the Medical Assistant Board, Ministry of Health Malaysia.

### Summarised Entry Requirements
**SPM/SPMV**
Pass with minimum 5 credits in the following subjects:
- Bahasa Malaysia
- Science subjects:
  - ✓ Biology or Chemistry; OR
  - ✓ Physics with a pass in Biology; OR
  - ✓ General Science
- Mathematics or Additional Mathematics
- 2 (two) other subjects

AND pass in English

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 140-141.*

### Accredited by

Malaysia Medical Assistant Board

# Bachelor in Physiotherapy (Honours)

**Programme Code:**
(R/726/6/0041)12/25 (MQA/FA2500)
**Intake:** March, October
**Duration:** Full-time, 4 years

**P**hysiotherapists help people affected by injury, illness or disability through movement and exercise, manual therapy, education and advice.

This 4-year professional degree programme teaches you evidence-based assessment, diagnosis and treatment skills. The curriculum design of this programme is based on recommendations from the World Confederation Physical Therapy (WCPT) which enhances students' knowledge, skills and professionalism.

Along with theoretical knowledge, students' will gain appropriate practical skills through practical sessions in our skills lab. Students will be equipped with physiotherapy skills for specialty areas such as geriatrics, paediatrics, sports and women's health. Students will be posted in appropriate clinical areas in hospitals from semester 4 onwards.

### Key Courses
**Year 1**
- Anatomy I & II
- Physiology I & II
- Introduction to Physiotherapy
- Introduction to Medicine
- Professional Development & Practice
- Biomechanics
- General Pathology
- Introduction to Health Psychology
- Falsafah & Isu Semasa
- Penghayatan & Etika Peradaban
- Public Speaking & Presentation
- Affective Domain
- Entrepreneurship
- Young Mercy
- English for Special Purpose II

**Year 2**
- Kinesiology I & II
- Therapeutic Exercise I & II
- Pharmacology for Physiotherapy
- Electrotherapeutic Modalities I & II
- Clinical Reasoning & EBP
- Community Rehabilitation
- Musculoskeletal Physiotherapy I
- Cardiopulmonary Physiotherapy I
- Clinical Placement I
- Co-curricular

**Year 3**
- Introduction to Biostatistics
- Neurological Physiotherapy I
- Musculoskeletal Physiotherapy II
- Cardiopulmonary Physiotherapy II

- Introduction to Neuroscience
- Research Methodology
- Neurological Physiotherapy II
- Paediatrics Physiotherapy
- Physiotherapy Management for Geriatrics
- Clinical Placement II & III

**Year 4**
- Physiotherapy in Women's Health
- Sport Rehabilitation
- Spinal Care & Rehabilitation
- Physiotherapy in Intensive Care
- Research Project
- Clinical Placement IV, V & VI

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
Graduates can find employment in organisations such as Special Schools, Rehabilitation Centers, NGOs, Sports Centers / Clinics, NGOs, Nursing Homes and Corporate Health Centers among others as:
- Physiotherapist
- Consultant
- Researcher
- Physiotherapy administrator
- Educator
- Entrepreneur
- Clinical Instructor

### Summarised Entry Requirements
**STPM/A-Level**
Pass with minimum GPA of 2.33 or Grade D in two (2) of the following subjects;
- Biology
- Chemistry
- Physics / Mathematics

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 148-149.*

ACG World Cup Finals 222
AGG TUAH Malaysia

"

The most memorable student event I have experienced was the University's sports carnival. I enjoyed the team spirit and exciting atmosphere during the event when students gathered together to cheer for each other.

I had great support from the staff here at University of Cyberjaya who has helped me achieve my dreams as a national gymnast alongside pursuing my studies. As a Physiotherapist, I look forward to help other athletes achieve their goals with the right therapy and guidance.
"

## Tee Wei Wen

*Pilates Instructor and Physiotherapist*
*National Rhythmic Gymnast*

Physiotherapy Graduate, Class of 2023
Vice Chancellor's Award Recipient

# Bachelor of Biomedical Engineering Technology (Honours)

***Programme Code:***
(R/523/6/0288)02/29 (MQA/FA9005)
***Intake:*** March, October
***Duration:*** Full-time, 4 years

**B**iomedical Engineering Technology is the application of engineering philosophy and skills to the medical field. It combines the design and problem solving skills of engineering with medical and biological sciences to help improve patient health care and quality of life. Students will gain exposure and experience handling various equipment and apparatus, such as patient monitors, electrocardiographs, infusion devices, ventilators, patient-care computers and other related medical devices.

Our curriculum provides a strong foundation in engineering, medical, science, mathematics and humanities. We integrate the core knowledge of engineering disciplines and modern biology to solve problems encountered in biological systems. This curriculum will allow students to analyse from both engineering and medical perspectives. The graduate should be able to advance both in engineering and medical disciplines.

### Key Courses
**Year 1**
- English for Special Purposes 1 & 2
- Calculus
- Basic Electrical Engineering
- Introduction to Medicine
- Laboratory 1 & 2
- Introduction to Biomedical Engineering Technology
- Ordinary Differential Equations
- Information & Communication Technology
- Material Science
- Engineering Mechanics
- Anatomy & Physiology
- Affective Domain

**Year 2**
- Young Mercy / ISLET
- Culture & Diversity
- Academic Writing
- Engineering Mathematics
- Computer Programming
- Electric Circuit Analysis
- Engineering Drawing
- Forces, Field & Flows
- Laboratory 3 & 4
- Young Mercy 2
- Molecular Biology & Biochemistry
- Biomechanics
- Digital Electronics
- Analog Electronics
- Signal & Systems
- Affective Domain

**Year 3**
- Haematology & Immunology
- Fundamentals of Entrepreneurship
- Biostatistics
- Biophysics
- Biomedical Signal Processing & Analysis
- Biomedical Measurement & Instrumentation
- Biomedical Electronics & Microcomputer
- Laboratory 5 & 6
- Affective Domain
- Pathology & Microbiology
- Biomedical Acts, Standards & Safety
- Biomedical Imaging System
- Biomaterials
- Medical Image Processing & Analysis
- Medical Devices Maintenance & Repair
- Project Management
- Final Year Project 1

**Year 4**
- Final Year Project 2
- Design of Biomedical Devices & Systems
- Hospital Engineering
- Laboratory 7
- Affective Domain
- Elective 1 & 2
- Industrial Training

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
Studies in biomedical engineering technology can lead to various careers that include:
- Medical instrumentation
- Image processing and medical imaging
- Biosignal processing
- Biomechanics and rehabilitation engineering
- Bioinformatics and telemedicine
- Biomedical computing & simulation
- Artificial organ and prosthetics
- Medical robotics
### Summarised Entry Requirements
**STPM**
Pass with minimum GPA 2.00 or Grade C in 3 subjects including in Mathematics and 1 Science subject

**A-Level**
Pass with Grade C in 3 subjects including Mathematics and 1 Science subject.

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 150-151.*

# Bachelor of Dietetics (Honours)

**Programme Code:**
(N/0915/6/0004)06/30 (MQA/PA12171)08/25
**Intake:** March, October
**Duration:** Full-time, 4 years

**U**oC's Dietetics programme offers a comprehensive curriculum designed to provide graduates with knowledge and experience in areas such as medical nutrition therapy, basic medical sciences, nutrition and food science, as well as equipping the students with clinical and research skills.

Our programme emphasises real-world applications, providing practical experience that bridges the gap between classroom learning and professional practice. You will be able to collaborate with healthcare professionals in clinical settings, engage with diverse demographics, and develop effective communication and counselling skills that empower individuals to make positive lifestyle changes.

### Key Courses
**Year 1**
- Introduction to Anatomy and Physiology
- Fundamentals of Nutrition
- Principles of Food Science
- Human Psychology
- Nutrition through the Lifecycle
- Biochemistry and Molecular Biology
- Public Health Nutrition
- Pathophysiology and Clinical Management
- Public Speaking and Presentations

**Year 2**
- Assessment of Nutritional Status
- Food Preparation
- Professional Practice in Dietetics
- Pharmacology and Immunology for Dietetics
- Entrepreneurship
- Young Mercy
- Medical Nutrition Therapy 1
- Nutrigenomics
- Research Methodology
- Nutrition Care Process
- Nutrition and Metabolism
- Elective 2 & 3

**Year 3**
- Applied Biostatistics
- Medical Nutrition Therapy 2
- Food and Nutritional Toxicology
- Dietetics Research 1
- Food Service Management
- Dietetics Research 2
- Medical Nutrition Therapy 3
- Dietetics Seminar
- Community Dietetics Placement
- Dietetics Counselling and Education

- Sport Nutrition and Physical Activity
- Elective 4

**Year 4**
- Food Service Placement
- Outpatient Dietetics Placement 1
- Inpatient Dietetics Placement 1
- Outpatient Dietetics Placement 2
- Inpatient Dietetics Placement 2
- Special Dietetics Placement

*\*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
This programme opens up a wide range of career possibilities. It serves as a stepping stone for individuals to pursue their aspirations by offering essential knowledge, practical skills, and professional credentials required for various career paths in the field of nutrition and dietetics. It empowers students with the necessary tools to make a significant and meaningful impact on the lives of individuals, communities, and public health initiatives.

### Summarised Entry Requirements
**STPM**
Overall CGPA 2.50 with minimum GPA 2.33 in TWO of the following subjects:
- Biology
- Physics / Mathematics
- Chemistry

**A-Level**
Minimum Grade C+ in TWO of the following subjects:
- Biology
- Physics / Mathematics
- Chemistry

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 150-151.*

# Homeopathy

Homeopathy is one of the systems of medicine proposed in 1796 by Dr. Samuel Hahnemann, a German physician, based on his doctrine of 'Like Cures Like'. It takes a holistic approach to managing health and curing illness with the aid of natural substances. Our Bachelor of Homeopathic Medical Science (BHMS) programme is the first fully accredited programme of its kind in Malaysia and Southeast Asia. It is approved by the Ministry of Higher Education and is fully accredited by the Malaysian Qualifications Agency (MQA). This programme is recognised by the Ministry of Health, Malaysia under Traditional and Complementary Medicine Division and meets the requirements of Malaysian Homeopathic Medical Council (MPHM).
> My journey as a homeopathic student has been incredibly fulfilling. The guidance from lecturers like Dr. Ibrahim and Dr. Yamin has been invaluable, pushing me to excel in my studies. Looking ahead, I aspire to establish a holistic centre integrating traditional medicines upon graduation. UoC's practical approach, including opportunities like clinical training at Dr. M L Dhawale Memorial Homeopathic Institute in Palghar, Maharashtra, India, is preparing me for this endeavour. UoC is shaping me for a promising career in herbal medicine.

## Dyivya Shalini A/P Saravanan

Bachelor of Homeopathic Medical Science (Honours)

# Bachelor of Homeopathic Medical Science (Honours)

*Programme Code:*
(R2/0910/6/0125)06/26 (A9621)
*Intake:* October
*Duration:* Full-time, 5 years

**D**esigned with an integrated approach towards education and health, this programme is in line with the Ministry of Health's efforts to gradually integrate Traditional and Complementary Medicine into the government and private healthcare sectors.

Teaching is conducted by a panel of experienced homeopathy and medical doctors. Most lectures are conducted in a modular structure and students are engaged with assignments, quiz, problem-based learning, independent learning and laboratory activities. An extensive clinical training for one year is conducted with reputable local clinics and international partner institutions.

### Key Courses
**Year 1**
- Anatomy
- Physiology
- Introduction to Traditional and Complementary Medicine
- Homeopathic Pharmacy
- Organon of Medicine and Homeopathic Philosophy
- Homeopathic Materia Medica
- Affective Domain

**Year 2**
- Pathology
- Biochemistry
- Microbiology
- Psychology
- Community Medicine
- Organon of Medicine and Homeopathic Philosophy
- Homeopathic Materia Medica
- Medicine and Homeotherapeutics
- Young Mercy/Wataniah/SISPA/Al-Quran dan Kesukarelawanan/Enivronmental Volunteerism

**Year 3**
- Pharmacology
- Nutrition
- Organon of Medicine and Homeopathic Philosophy
- Homeopathic Materia Medica
- Medicine and Homeotherapeutics
- Repertory 1
- Public Speaking and Presentation
- Management and Entrepreneurship

**Year 4**
- First Aid and Emergency Conditions
- Forensic Medicine and Toxicology
- Homeopathic Materia Medica
- Medicine and Homeotherapeutics

- Gynaecology, Obstetrics and Homeotherapeutics
- Surgery and Homeotherapeutics
- Repertory 2
- Medical Ethics and Professionalism
- Critical Thinking
- Research Methodology and Biostatistics

**Year 5**
- Research Project
- Clinical Training at the Dr. M L Dhawale Memorial Homeopathic Institute in Palghar, Maharashtra, India
- Professional Exam

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
This programme is suitable for those who seek an opportunity as a:
- Homeopathy practitioner
- Entrepreneur and proprietor of a homeopathy pharmacy or clinic
- Researcher & Academician in the field of Homeopathy
- Pursue Masters and subsequently PhD in Homeopathy & other health sciences

### Summarised Entry Requirements
**STPM (Science)**
Pass with at least CGPA 2.50

**A-Level**
Pass with minimum C in 2 Science subjects

**Foundation in Science**
Pass with CGPA 2.50 and above

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 150-151.*

### Clinical Training

Dr. M. L. Dhawale Memorial Homoeopathic Institute, India.

### Recognised by

Malaysian Homeopathic Medical Council

# Occupational Safety and Health

Safety and Health in general as well as within organisations has always been important but have become even more so in the last few years because of the onset of the pandemic. University of Cyberjaya's Safety and Health programmes from Diploma, to Undergraduate and all the way through to the Postgraduate level is known in Malaysia as one of the leaders in this field of study. Since 2012, we have produced almost 2,000 graduates in the field who have gone on to have successful careers across multiple industries.

Our programmes are accredited by the Institution of Occupational Safety and Health, UK (IOSH) – the world's largest charted professional body for health and safety experts. Our degree and diploma programme is also recognised by the Malaysian Department of Occupational Safety and Health (DOSH), enabling graduates to apply as Green Book holders after they have graduated and have had three years' work experience. This ensures that graduates are able to become Registered Safety and Health Officer (SHO) without undertaking additional courses at NIOSH.
"

Studying Occupational Safety and Health at the UoC has been incredibly rewarding. The NIOSH-certified programme ensures industry relevance, while interactive discussions with experienced lecturers provide practical insights. Engaging in group projects and attending events like toolbox meetings and CIBD training has honed my skills and built valuable connections. UoC has prepared me well for a successful career in the future, and I'm grateful for the enriching experience.

"

## Euwin Chung
Diploma in Occupational Safety and Health

# Diploma in Occupational Safety and Health

*Programme Code:*
(R2/1022/4/0023)05/25 (A10326)
*Intake:* March, July, October
*Duration:* Full-time, 2.5 years

**T**his programme prepares students with the knowledge and skills that enable them to bring about change in the way safety and health initiatives are implemented in the workplace. Students gain a better understanding on the potential safety and health hazards while broadening their skills set to meet the increasing demands of the OSH industry.

### Key Courses
**Year 1**
- Occupational Safety & Health Law 1
- Introduction to Occupational Safety
- Introduction to Occupational Health
- Fire Safety
- Applied Physics
- First Aid and Emergency Planning
- Human Body Form and Function
- Introduction to Occupational Hygiene
- OSH Statistics
- Occupational Disease and Control
- Occupational Safety & Health Law 2
- Machinery and Equipment Safety
- Industrial Chemical

**Year 2**
- Introduction to Ergonomics
- Workplace Action Research Project 1
- OSH Management System
- Risk Identification and Assessment Control
- Emergency Response Plan
- Environmental Management System
- OSH Information and Data Systems Management
- Occupational Safety and Health Practice
- Organisation Behaviour
- Occupational Toxicology
- Accident Investigation and Prevention
- Construction Safety
- Occupational Psychology Internship (6 Months)
- Workplace Action Research Project II
- Practicum

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
This programme is suitable for those who seek an opportunity as:
- Safety & Health Officers
- Site Safety Supervisors
- Safety and Health Executives

### Summarised Entry Requirements
**SPM/SPMV**
Pass Sijil Pelajaran Malaysia (SPM) or Equivalent with 3 credits, including:
- Mathematics and a Science subject (Biology/Chemistry/Physics/General Science) and any other 1 subject
**STPM**
Pass with Grade C (GPA 2.00) in one subject

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 142-143.*

# Bachelor in Occupational Safety and Health (Honours)

***Programme Code:***
(R2/862/6/0017)09/27 (MQA/FA0543)
(N-DL/1022/6/0009)01/29 (MQA/PA17039)12/28
***Intake:*** March, July, October
***Duration:*** Full-time, 3 years / Part-time, 6 years

**T**his programme explores a variety of subjects such as safety & health regulations, construction safety, industrial hygiene, OSH risk management, emergency response plan and accident investigation among others. The programme will provide you with a range of theoretical and practical skills to enable you to practice across various industries and environments.

With this degree in hand, employment in the OSH field becomes more promising due to the shortage of OSH experts, especially in the manufacturing, construction, oil and gas industries.

This programme is also accessible through Open & Distance Learning (ODL) mode.

### Key Courses
**Year 1**
- Introduction to Management
- Legal Aspects of Safety and Health
- Occupational Health
- Occupational Safety
- Human Resource Management
- Introduction to OSH
- Human Anatomy & Physiology
- OSH Training and Development
- OSH Management Systems

**Year 2**
- Industrial Hygiene
- Industrial Ergonomics
- Managing Change
- Accident Investigation and Prevention
- Fire Prevention and Protection
- OSH Risk Management
- Industrial Chemical
- Quality Management
- Occupational Stress
- Occupational Psychology
- Basic Life Support
- Elementary Statistics
- Research Methods
- Environmental Management and Sustainability
- Emergency Preparedness and Response

**Year 3**
- Construction Safety
- Occupational Safety and Health Issues at Workplace
- Industrial Relations
- Ethics in OSH Profession
- Safety Leadership
- Final Year Project
- Industrial Training

*\*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
This programme is suitable for those who seek an opportunity as:
- OSH Specialists
- Safety Managers
- OSH Consultants
- Safety & Health Officer (SHO)

### Summarised Entry Requirements
**STPM/A-level**
- Pass with Grade C (GPA 2.00) in any TWO subjects
- Must pass English and have a credit in Mathematics & Science at SPM level or equivalent

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 150-151.*

Department of Occupational Safety and Health

Institution of Occupational Safety and Health

The University provided sufficient information for me to learn and help me adapt quickly when I entered the industry. Studying at the University of Cyberjaya has also always given me a positive vibe, allowing me to study better as it has a very peaceful and serene campus environment. The lecturers are very helpful in guiding me when I was faced with difficulty in studying and learning the courses. Overall, the University of Cyberjaya is a place that I have learned and grown a lot, and it is also a place where I have met cool and awesome friends.

Bachelor of Occupational Safety and Health, Class of 2022

# Business and Accounting

Business and Accounting are the backbone to almost any industry, as it is needed in order to ensure sustainability of economies that will create jobs and ensure that societies can thrive. Business is the art of managing men, money, materials, methods and machines that moves the world. In any environment or economic climate, both Business and Accounting graduates are needed. The only difference with time is that the technology around it changes, requiring adaptation and flexibility. At UoC, we ensure that students understand this, and are equipped with the skills to take this challenge head-on.

"

I chose to study International Business Management at University of Cyberjaya due to its stellar academic reputation, practical curriculum, and diverse and inclusive learning environment. The University's comprehensive approach to preparing students for the ever-changing world of international business through industry connections and hands-on experiences made it the best choice for me to pursue my academic and professional goals.

"

# Information Technology

Information technology have come a long way since it first appeared in the annals of history in the late 50s. Today, it is the single most important thing in ensuring that businesses, communities, economies, and the society at large can function. Knowledge in IT allows graduates to diversify into any number of careers and fields, giving them the flexibility to adapt and respond to the rapid advancement in technology today. UoC provides its students high quality facilities and infrastructure needed to learn the field, while leveraging on the experience of its teaching staff who prepare students to compete and succeed.

"

The Information Technology industry is rapidly expanding globally, offering numerous opportunities for career growth, and UoC is certainly preparing me for a promising future.I love the cyber community, and UoC seems to be refined and sophisticated. UoC is adequately preparing me for my future under the guidance of experienced lecturers.

"

# Creative Arts and Design

In today's dynamic global context, creative arts are not just a form of self-expression but a crucial driver for innovation, influencing diverse industries and societal narratives. UoC recognises the pivotal role of creative arts in the 21st century and has taken strides to establish the Faculty of Creative Art and Design. UoC is committed to fostering a dynamic learning environment, with state-of-the-art facilities like Drawing Studios, Design Studios, Mac Labs, Animation Labs, Photo and Videography Studio, Sound Studio, and IT labs. These facilities, coupled with cutting-edge technology such as Mac and Wacom tablets, showcase the university's dedication to providing students with the tools they need to thrive in the creative arts and design industry.

# Diploma in 3D Animation

**Programme Code:**
(N/0211/4/0003)06/28 (MQA/PA16353)04/28
**Intake:** March, July, October
**Duration:** Full-time, 2.5 years

**S**tep into the world of limitless imagination and cutting-edge technology with UoC's Diploma in 3D Animation. In the upcoming digital era, this field is set to soar as one of the most sought-after career paths. With industries spanning from entertainment and gaming to architecture and medicine demanding captivating visuals, your skills are in high demand. This diploma equips you with a diverse skill set, from character modelling to lighting and rigging. Guided by experienced professionals, you'll gain hands-on experience, build an impressive portfolio, and connect with a thriving community. Embrace the future of animation, where you'll craft immersive experiences and contribute to a dynamic and evolving landscape – making your mark in the exciting realm of 3D animation.

### Key Courses
**Year 1**
- Visual Art and Design History
- Computer Graphic
- Creative and Idea Generation
- Basic Drawing
- Design Fundamentals
- Digital Illustration
- Digital Imaging
- Introduction to 3D Animation
- 3D Structure and Texturing
- Typography Studies
- Storyboard for Animation

**Year 2**
- 3D Character Modeling
- Compositing and Video Editing
- 3D Rigging Techniques
- 3D Character Animation 1
- 3D Character Animation 2
- Animation Production Timeline
- Asset Development
- 3D Design and Texturing
- 3D Lighting and Rendering Techniques
- Sound Design
- Elective 1

**Year 3**
- E-Portfolio
- Final Year Project
- Industrial Training

**Electives**
- Motion Graphics
- Story and Script
- Multimedia Audio Visual
- Creative Copywriting

*\*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*
### Career Prospects
- 3D Animator
- Character Designer
- Visual Effects (VFX) Artist
- Game Animator
- Motion Graphics Designer
- Architectural Visualisation Artist
- Storyboard Artist
- Special Effects Artist
- Virtual Reality (VR) Animator
- Augmented Reality (AR) Animator
- Medical Animator
- Content Creator

### Summarised Entry Requirements
**SPM/O-Level**
Possess SPM/O-Level with a minimum of three (3) credits in any subject, or its equivalent

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 144-145.*

# Diploma in Graphic Design

**Programme Code:**
(N/0211/4/0001)06/28 (MQA/PA16365)04/28
**Intake:** March, July, October
**Duration:** Full-time, 2.5 years

**U**oC's Diploma in Graphic Design offers a dynamic and versatile programme that nurtures creative talents while imparting essential skills for success in the fast-paced realm of visual communication. Through a curriculum encompassing design principles, typography, colour theory, digital illustration, and more, students refine their creative thinking and problem-solving abilities. They can specialise and gain expertise with elective subjects like motion graphics, 3D modelling and texturing, story and script, multimedia audiovisual, and 3D lighting and rendering. They gain proficiency in industry-standard software and acquire expertise in crafting compelling visual narratives. With hands-on projects, students build portfolios showcasing their real-world design aptitude, positioning themselves for roles as graphic designers, UI/UX specialists, branding experts, and more. In a digital age where visual communication reigns supreme, a diploma in graphic design opens doors to a vibrant career landscape brimming with possibilities.

**SPM/O-Level**
Possesses SPM with at least credit in 3 subjects or its equivalent

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 144-145.*

# Bachelor of Art (Honours) in Graphic Design (Advertising)

*Programme Code:*
(N/0211/6/0015)06/28 (MQA/PA16513)04/28
*Intake:* March, July, October
*Duration:* Full-time, 3 years

**T**hrough this degree, students are immersed in a curriculum that blends traditional design principles seamlessly with cutting-edge digital tools, facilitating the creation of impactful and engaging advertising campaigns across diverse media platforms.

This programme underscores the significance of digital innovation, empowering students to craft compelling graphics, animations, and interactive content that resonate profoundly with modern audiences. With an emphasis on integrated campaigns, data-driven strategies, and user-centred design, students learn to navigate the intricacies of the digital age while fostering a keen awareness of user experience (UX) design. Mastery of multi-platform skills, proficiency in industry-standard tools, and an appreciation for ethical considerations in advertising further round out the comprehensive education provided.

Moreover, students are prepared to adapt to emerging technologies, collaborate effectively, and even embark on entrepreneurial pursuits within the advertising and design industry.

### Key Courses
**Year 1**
- History of Design
- Fundamentals of Digital Arts
- Creative Studies
- Basic Drawing
- Design Fundamental
- Digital Illustration
- Digital Drawing
- Creative Typography
- Digital Photography
- Colour Studies

- Project 1 (Proposal)
- Project 2 (Final Project)
- Industrial Training

*\*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*
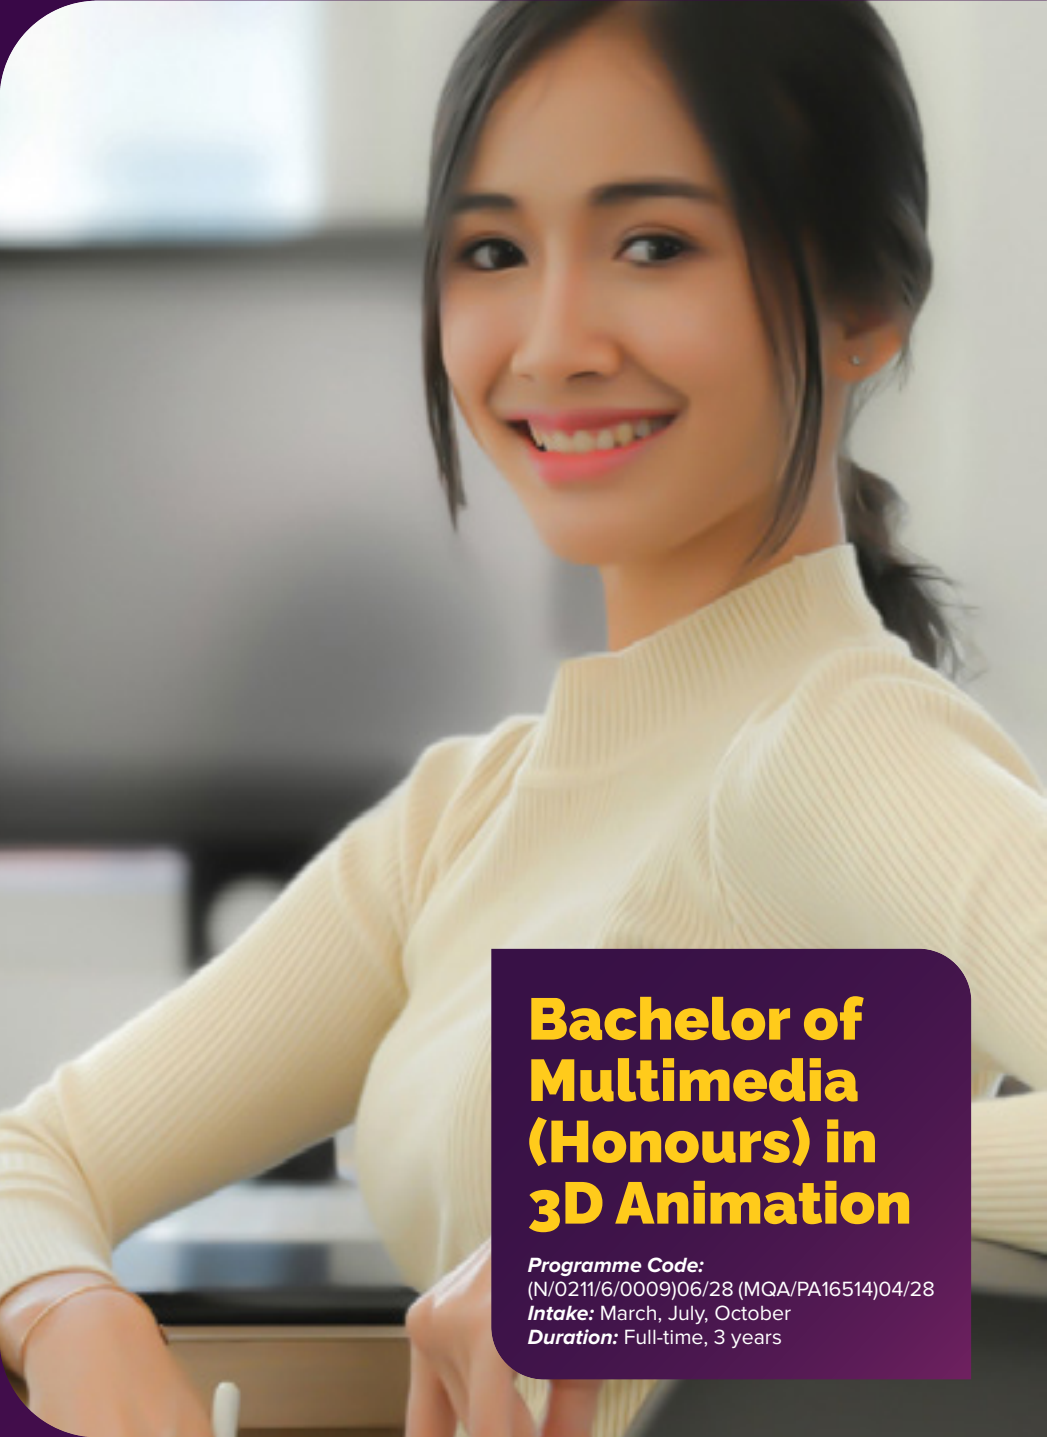

### Career Prospects
- Graphic Designer
- Digital Designer
- Art Director
- UI/UX Designer
- Motion Graphics Designer
- Social Media Content Creator
- Visual Content Strategist
- Digital Marketing Specialist
- E-commerce Designer
- Creative Consultant
- Brand Identity Designer
- Content Creator
- Interactive Media Designer
- Digital Illustrator
- VR Designer
- AR Specialist
- User Researcher
- Content Marketing Strategist
- Freelancer/Entrepreneur
- Educator
- Creative Director

### Summarised Entry Requirements
**STPM**
A pass in STPM with a minimum of Grade C (GP 2.00) in any 2 subjects or its equivalent

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 156-157.*

# Bachelor of Multimedia (Honours) in 3D Animation

*Programme Code:*
(N/0211/6/0009)06/28 (MQA/PA16514)04/28
*Intake:* March, July, October
*Duration:* Full-time, 3 years

**T**he Bachelor of Multimedia in 3D Animation programme offers future students an exciting pathway to excel in the world of 3D character animation and digital media. With a strong focus on creating three-dimensional animations and interactive multimedia experiences, this programme blends artistic creativity with advanced technology.

Throughout your studies, you'll master the techniques of 3D animation using industry-standard tools, while also exploring emerging areas like augmented and virtual reality. Hands-on projects and collaborative learning will be at the heart of your education, giving you the chance to build a portfolio that showcases your skills.

As a graduate, you'll be well-prepared for diverse career opportunities in animation studios, game development, film production, and beyond. This programme not only equips you with technical expertise but also nurtures your creative vision for a successful future in the dynamic realm of 3D animation.

### Key Courses
**Year 1**
- History of Design
- Fundamentals of Digital Arts
- Creative Studies
- Basic Drawing
- Design Fundamental
- Public Speaking and Presentation Skills
- Digital Illustration
- Digital Drawing
- Story and Script
- Design Visual Communication
- 3D Modelling
- 3D Rigging

- Storyboard
- 3D Character Animation 1
- Asset Development
- 3D Animation Principles
- Film Studies
- Entrepreneurship
- Academic Writing
- Project Management
- Marketing & Advertising Strategy
- 3D Character Animation 2
- 3D Character Modelling
- Content Development & Entrepreneurship
- Animation Production Pipeline

**Year 3**
- Digital Rendering and 3D Compositing
- Character Animation 3
- Animation Portfolio
- Project 1 (Proposal)
- Animation Techniques
- Project 2 (Final Project)
- Industrial Training

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
Graduates of the Bachelor of Multimedia in 3D Animation programme can expect a range of promising career prospects as the demand for skilled animators and multimedia creators grows. Here's an overview of potential career paths:
- 3D Character Animator
- Visual Effects Artist
- Game Animator & Character Designer
- Virtual Reality Animator & Motion Graphics Designer
- Architectural Visualisation Specialist
- Storyboard Artist & 3D Modeler
- Art Director & Content Creator for Social Media
- Advertising Animator & Multimedia Producer
- Special Effects Artist & Short Film Animator
- Augmented Reality Animator
- Storyboard Supervisor & Visualisation Specialist

### Summarised Entry Requirements
**STPM**
A pass in STPM with at least Grade C (GP 2.00) in any 2 subjects or its equivalent

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 156-157.*

# Bachelor in Creative Multimedia (Honours)

**Programme Code:**
(N/0211/6/0010)08/28 (MQA/PA16515)04/28
*Intake:* March, July, October
*Duration:* Full-time, 3 years

**T**he Bachelor in Creative Multimedia merges the world of art and technology to launch students into successful digital media careers. This programme polishes both the artistic vision and technical skills necessary for mastering 3D animation, video production, web development, and interactive design.

The graduates be more than ready to conquer the digital world and  hones their expertise in user-focused design, intuitive UI/UX, dynamic screen design, and lifelike 3D animation. they'll emerge as a versatile multimedia professional, adept at crafting compelling digital content, weaving interactive web experiences, and animating vibrant 3D worlds.

This will open doors to opportunities in top-tier digital media agencies, the creative powerhouses of renowned companies, and innovative multimedia production studios.

### Key Courses
**Year 1**
- History of Design
- Fundamentals of Digital Arts
- Creative Studies
- Basic Drawing
- Design Fundamental
- Digital Illustration
- Digital Drawing
- Creative Typography
- Design Visual Communication
- Digital Photography
- Colour Studies

**Year 2**
- Graphic Interaction Design 1
- Web Development
- Digital Compositing & Editing
- Information Design
- Elective 1
- Project Management
- Graphic Interaction Design 2
- Elective 2
- Content Development & Entrepreneurship
- Basic Programming For Designers
- Marketing & Advertising Strategy
- Story and Script

**Year 3**
- 3D Modeling & Texturing
- 3D Animation
- Design Culture and Ideas
- Project 1 (Proposal)

- Sound Design
- Project 2 (Final Project)
- Industrial Training

**Electives**
- Creative Illustration
- 2D Animation & Principles
- Character Modeling
- Brand Design
- Javascript Programming
- Rendering and Compositing

*The list of courses is not exhaustive. Students will need to take additional courses as required by MQA. Periodic changes are made as part of continuous improvements.*

### Career Prospects
- Digital Content Creator
- UI/UX Designer
- Graphic Designer & Social Media Manager
- Video Editor & Multimedia Producer
- Motion Graphics Artist
- Interactive Designer
- Digital Marketer & Web Designer
- Animator & Digital Illustrator
- VR Developer & AR Specialist
- Content Strategist & Creative Director
- Gaming Designer
- Art Director
- Digital Advertising Specialist

### Summarised Entry Requirements
**STPM**
A pass in STPM with at least Grade C (GP 2.00) in any 2 subjects or its equivalent

*or any other relevant qualification recognised by the Malaysian Government acceptable to the University. For a full breakdown of the entry requirements, please refer to pages 154-155.*

# Summary of Entry Requirements

## Foundation

| | Sijil Pelajaran Malaysia (SPM) | International General Certificate of Secondary Education (IGCSE) / O-Level |
|---|---|---|
| **Foundation In Arts** | Minimum credits in any 5 subjects | Minimum Grade C in any 5 subjects |
| **Foundation In Science (Medicine / Pharmacy)** | Minimum Grade B in the following 5 subjects;<br>• Biology<br>• Chemistry<br>• Physics<br>• Mathematics (or Additional Mathematics); AND<br>• 1 other subject | Minimum Grade B in the following 5 subjects;<br>• Biology<br>• Chemistry<br>• Physics<br>• Mathematics (or Additional Mathematics); AND<br>• 1 other subject |
| **Foundation In Allied Health Sciences** | Minimum of 5 credits in the following subjects:<br>• Science<br>• Mathematics<br>• 3 other subjects; AND<br><br>Pass English and Bahasa Malaysia | Minimum of Grade C in 5 subjects:<br>• Science<br>• Mathematics; AND<br>• 3 other subjects |

Any other relevant qualification recognised by the Malaysian Government and is acceptable to the University can also be considered. Enquire with our Education Counsellor for more details.

## Certificate
**\*Programmes offered and taught by Cyberjaya College Central (CCC)**

| | Sijil Pelajaran Malaysia (SPM) | International General Certificate of Secondary Education (IGCSE) / O-Level |
|---|---|---|
| **Certificate in Information Technology** | A pass in SPM with minimum 1 credit and pass in Mathematics or equivalent | O-Level/IGCSE with minimum 1 credit (Grade C & above) in any subject with a pass in Mathematics |
| **Certificate in Business Studies** | A pass in SPM with minimum 1 credit in any subject | O-Level/IGCSE with Grade C in any subject |
| **Certificate in Science** | A pass in SPM with minimum 1 credit and pass in 1 Science subject or equivalent | O-Level/IGCSE with minimum 1 credit (Grade C & above) in any subject with a pass in Science |

| Unified Examination Certificate (UEC) | Other equivalent qualification |
|---|---|
| Minimum Grade B in any 3 subjects | Any other equivalent qualifications recognised by the Malaysian Government / University Senate |
| Minimum Grade B4 in the following 3 subjects;<br>• Biology<br>• Chemistry; AND<br>• Physics / Mathematics / Advanced Mathematics | |
| Minimum of Grade B in 3 subjects:<br>• Mathematics<br>• Science<br>• Any other subjects | |

| Unified Examination Certificate (UEC) | Other equivalent qualification |
|---|---|
| UEC pass with minimum 1 credit (Grade B & above) in any subject with a pass in Mathematics | A pass in SKM Level 2 in a related field and a pass in Mathematics at SPM level or its equivalent |
| UEC pass with minimum Grade B in any subject | A pass in SKM Level 2 in a related field |
| UEC pass with minimum Grade B in any subject with a pass in Science | A pass in SKM Level 2 in a related field and pass in 1 Science subject at SPM level or its equivalent |

# Diploma

| | Sijil Pelajaran Malaysia (SPM) / Sijil Pelajaran Malaysia Vokasional (SPMV) | Sijil Tinggi Persekolahan Malaysia (STPM) / Sijil Tinggi Agama Malaysia (STAM) | Unified Examination Certificate (UEC) |
|---|---|---|---|
| **Diploma in Psychology** | Pass with 3 credits in any subjects and pass in Mathematics and Science | **STPM**<br>Pass with Grade C (GPA 2.00) in 1 subject and pass Mathematics and Science at SPM level<br><br>**STAM**<br>Pass with Maqbul grade and pass in Mathematics and Science at SPM level | Pass with minimum Grade B in three (3) subjects and pass in Mathematics and Science |
| **Diploma in Pharmacy** | Pass SPM with at least credit in any 3 subjects including ONE science subject (Biology / Physics / Science) and pass Bahasa Malaysia | **STPM**<br>Pass with at least grade C (GPA 2.00) in one subject<br><br>**STAM**<br>Pass with a minimum grade of Maqbul | Pass with at least grade B in any 3 subjects |
| **Diploma in Nursing** | Pass SPM or *equivalent with five (5) credits:<br>• Mandatory credit in Bahasa Melayu and Mathematics (Elementary, Additional or Modern)<br><br>AND 1 credit in either:<br>• Science<br>• Biology<br>• Chemistry<br>• Physics<br>• Applied Science<br><br>AND Credit in two (2) other subjects<br><br>AND Pass in English | STPM allowed but must have Maths and Science credit at the SPM level. | *Please speak to our Education Counsellors for other equivalencies or entry requirements* |
| **Diploma in Medical and Health Science** | Pass with minimum 5 credits in the following subjects:<br>• Bahasa Malaysia<br>• Science subjects:<br>  ✓ Biology or Chemistry; OR<br>  ✓ Physics with a pass in Biology; OR<br>  ✓ General Science<br>• Mathematics or Additional Mathematics<br>• 2 (two) other subjects<br><br>AND pass in English | **STPM**<br>Pass with Grade C (GPA 2.00) in one subject, AND minimum of 3 credits in the following subjects:<br>• Science subjects:<br>  ✓ Biology or Chemistry; OR Physics with a pass in Biology; OR<br>• General Science<br>• Mathematics or Additional Mathematics | Pass with minimum Grade B in 3 subjects;<br>• Science subjects:<br>  ✓ Biology or Chemistry; OR Physics with a pass in Biology; OR<br>• General Science<br>• Mathematics or Additional Mathematics |

Any other relevant qualification recognised by the Malaysian Government and is acceptable to the University can also be considered. Enquire with our Education Counsellor for more details.

| International General Certificate of Secondary Education (IGCSE) / O-Level | Certificate | Remarks |
|---|---|---|
| Pass with minimum Grade C in 3 subjects and pass in Mathematics and Science | **Certificate (Level 3, MQF) in related field** Minimum CGPA 2.00 | For International Students only: <br>• Minimum IELTS scores of 4.0 or equivalent |
| Pass in O-level with at least grade C in any 3 subjects including ONE (1) science subject (Biology / Physics / Science) | **Sijil Kemahiran Malaysia (SKM Level 3) in a related field** Pass in SKM Level 3 in a related field and pass in SPM with at least credit in one subject at SPM/equivalent <br><br>**Certificate (Level 3, MQF) in the relevant field** Any qualifications equivalent to Certificate (Level 3, MQF) | Other requirement to continue to Bachelor in Pharmacy (Honours): <br>• Pass in SPM with at least Grade B in 5 subjects including Chemistry, Physics, Biology and Mathematics or Additional Mathematics or any other equivalent qualifications recognised by the Malaysian Government |
| 5 credits: <br>• Mandatory credit in Mathematics (Elementary, Additional or Modern) <br><br>AND 1 credit in either: <br>• Science <br>• Biology <br>• Chemistry <br>• Physics <br>• Applied Science <br><br>AND Credit in two (2) other subjects | **Assistant Nurse Certificate / Community Nurse Certificate** <br>• Pass SPM <br>• Registered with the MNB <br>• Possesses a current Annual Practicing Certificate (APC) for nurses from MNB <br>• Minimum three (3) years clinical working experience | For International Students only: <br>• Minimum IELTS score of 5.5 or equivalent |
| Pass with minimum 5 credits in the following subjects: <br>• Two (2) credits from Science or Mathematics subject (Biology / Physics / Chemistry / General Science); <br>• Three (3) from any other subjects; AND <br>• Pass in English <br><br>OR Candidates with other relevant qualifications are subject to approval by the MAB | **Certificate in Health related field** Recognised and approved by the MAB <br><br>AND minimum of 3 credits in the following subjects: <br>• Science subjects: <br>  ✓ Biology or Chemistry; OR <br>  ✓ Physics with a pass in Biology; OR <br>  ✓ General Science <br>• Mathematics or Additional Mathematics | Medical Status - Students must be certified medically fit by a registered medical practitioner recognised by the University and free from: <br>• Mental illness <br>• Physical and sensory disability <br>• HIV-AIDS <br>• Hepatitis B and C <br>• Epilepsy <br>• Drug addiction and substance abuse <br>• Any other medical condition certified unfit <br><br>English Proficiency for International Students: Minimum IELTS score of 4.0 or equivalent |

Note: *Equivalent-refers to the overseas academic qualification obtained that is equivalent to SPM as approved by MQA.

| | Sijil Pelajaran Malaysia (SPM) / Sijil Pelajaran Malaysia Vokasional (SPMV) | Sijil Tinggi Persekolahan Malaysia (STPM) / Sijil Tinggi Agama Malaysia (STAM) | Unified Examination Certificate (UEC) |
|---|---|---|---|
| **Diploma in Occupational Safety and Health** | Pass SPM or Equivalent with 3 credits in the following subjects:<br>• Pass in English and Credits in Mathematics and ONE Science subject (Biology / Chemistry / Physics / General Science); AND<br>• Any other 1 subject[1] | **STPM**<br>Pass with Grade C (GPA 2.00) in one subject[1]<br><br>**STAM**<br>Pass with at least Maqbul grade[1] | Pass English or Bahasa Malaysia and obtain minimum Grade B in 3 UEC subjects as below:<br>• Mathematics or 1 Science subject (Biology / Chemistry / Physics / General Science); AND<br>• Any other 2 subjects (including English and / or Bahasa Malaysia) |
| **Diploma in Business Administration** | Pass with credits in any 3 subjects | **STPM**<br>Pass with minimum grade C (GPA 2.00) in one subject<br><br>**STAM**<br>Pass (Maqbul grade) | Pass with minimum Grade B in any 3 subjects |
| **Diploma in Cosmetics** | Pass with 3 Credits in any subjects | **STPM**<br>Pass with minimum Grade C (GPA 2.00) in one subject<br><br>**STAM**<br>Pass (Maqbul grade) | Pass with minimum Grade B in any 3 subjects |
| **Diploma in Accounting** | Pass with 3 credits including Mathematics and a pass in English | **STPM**<br>Pass with minimum Grade C GPA 2.00 in any subject and credits in Mathematics and a pass in English at SPM level or equivalent<br><br>**STAM**<br>Pass with a minimum grade of Maqbul and credits in Mathematics and a pass in English at SPM level | Pass with a minimum Grade B in 3 subjects including Mathematics and a pass in English |
| **Diploma in Information Technology** | Pass with 3 credits including Mathematics | **STPM**<br>Pass with minimum Grade C GPA 2.00 in any subject and Credit in Mathematics and a pass in English at SPM level or equivalent | Minimum Grade B in 3 subjects including Mathematics |
| **Diploma in Healthcare (CCC)** | SPM / O-Level or equivalent with PASS in Bahasa Malaysia and English with 3 credits in the following subjects:<br>• Mathematics or ONE science subject (Biology / Physics / Chemistry / General Science); and<br>• Any other TWO subjects (including Bahasa Malaysia and / or English if obtained credit) | Pass with Grade C (GPA 2.00) in 1 subject:<br>• Mathematics or Science AND<br>• Pass in Bahasa Malaysia and English at SPM level | Pass in Bahasa Malaysia and English and obtain minimum Grade B in 3 subjects:<br>• Mathematics or 1 Science subject (Biology / Physics / Chemistry / General Science); and<br>• Any other 2 subjects (including Bahasa Malaysia and / or English) |

Any other relevant qualification recognised by the Malaysian Government and is acceptable to the University can also be considered. Enquire with our Education Counsellors for more details.

| International General Certificate of Secondary Education (IGCSE) / O-Level | Certificate | Remarks |
|---|---|---|
| Pass with credits (Grade C) in the following subjects[1];<br>• Mathematics and 1 Science subject (Biology / Chemistry / Physics / General Science); AND<br>• Any other 1 subject | **Certificate (Level 3, MQF) in the relevant field**<br>Minimum CGPA 2.00[1]<br><br>**Sijil Kemahiran Malaysia Tahap 3 (SKM Level 3) / Sivil Vokasional Malaysia in the relevant field**<br>• Programme is fully accredited by MQA / recognised by the Malaysian government<br>• Progression into a related field of study<br>• Undergoes a relevant bridging programme provided by the University | Note: [1]A pass in English and a credit in Mathematics or ONE Science subject at SPM level or equivalent can be waived should any other higher qualifications contains those subject with an equivalent or higher achievement<br><br>For International Students only:<br>• MUET Band 3 or CEFR (High BI) |

# Scholarships

The University of Cyberjaya offers several financial aid options to help you pay your studies. These include internal bursaries and scholarships. There are also a number of external organisations such as NGOs, foundations and government agencies that provide additional aid, if required. Visit our website for more information on other scholarships, bursaries and waivers.

**UoC Foundation Scholarship**
This scholarship covers up to 100%* of your tuition fees for the foundation programme, as long as the students registers and completes their undergraduate programme at UoC.

**UoC Creative Arts and Design Rebate**
Up to 25%* scholarship for UoC's Creative Arts and Design programmes for all 2024 intake.

**Pharmacy Scholarship**
Up to RM21,000* tuition fee waiver for our high-achieving Malaysian students applying for our 2024 intake.

**UoC Education Programme Rebate**
Up 25%* rebate for all applicants for UoC's Education based programmes for the upcoming 2024 intake.

**UoC Dietetics Scholarship**
Receive a scholarship of 30%* off total tuition fees for Malaysian students when you apply for our Dietetics degree programme for our 2024 intake.

**Nursing Scholarship**
Receive up to 20%* scholarship for our Diploma in Nursing or Bachelor in Nursing.

**Alumni Waiver up to 30%**
All UoC alumni receive a scholarship of up to 30%* of the total tuition fee when they progress from our diploma programme to degree.
**UoC's Golden Bursary**
Up to 50%* tuition fee waiver for senior and differently-abled Malaysian citizens for selected programmes.

# Apply to Study with Us

## University of Cyberjaya accepts applications all year round. You may apply to us with one of the routes below.

**Apply Online**
Visit ***https://cyberjaya.edu.my/admission/online-application***

You can apply for any of our programmes online. As a first-time user, you will need a create an account first. Once you have created an account, you will receive a reference number which you can refer to later. You may login again using the same access details to update your application.

**Apply on Campus / On-Site**
If you are physically on campus or speaking with our Education Consultant on-site at an event, you may apply via a hardcopy application form obtained from our Education Consultant. Please follow the instructions outlined within the form.

**Response to your application**
Successful applicants will receive an email notification and obtain their offer letter through our Education Counsellors. Applicants will need to "Accept Offer" in order to complete the acceptance process.

All applicants are required to bring their completed registration forms and all supporting documents to be verified on registration day. The date for registration or enrollment day is stated in the offer letter. Should there be any changes, students will be notified by our Education Counsellors.

At the University's registration counter, the following supporting documents will be verified as a certified true copy. Please note that they need to be accompanied with the original documents for verification:

- Identification card/Passport

- SPM / IGCSE O-Level Certificate (or equivalent)

- Latest transcript for Foundation / Matriculation / Diploma / IGCSE A-Level / STPM

Once the documents above have been certified, students are able to proceed for the full registration process and attend the mandatory orientation programme.

**Payment Instructions**
As part of our initiative to "Go Green", we encourage all the students and parents to make their fees payment electronically.

Kindly scan and email to our Finance Helpdesk the proof of payment (e.g. bank in slip, transfer receipts) via ***www.cyberjaya. edu.my/helpdesk*** with the student's matrix number, student's name and contact number. Proof of payment will be accepted by the University only upon verification by the University or the bank.

**Payment Options**
You can make payment through the following payment options. Please follow the steps stated in the payment instruction after payment is made.

| Domestic Payment Instructions | |
|---|---|
| **JomPAY (Preferred Option)** | **Biller Code**: 72207<br>**Ref-1**: Student Matrix Number (without space/hyphen)<br>**Ref-2**: Student Name<br><br>*Step 1: Look for the JomPAY logo on your invoice*<br>*Step 2: Login to Internet or Mobile Banking at your bank and look for JomPAY*<br>*Step 3: Enter the JomPAY Biller code "72207", Student Matrix at Ref-1 and Student Name at Ref-2* |
| **Online Payment Portal FPX (Preferred Option)** | Please access our online payment portal for payment via bank-transfer and credit card<br>***https://www.cyberjaya.edu.my/onlinepayment/onlinepayment.php*** |
