Education and Community Outreach

Turtle Invasion Awareness Campaign

Students from the Environmental Volunteerism course conducted 'Turtle Invasion Awareness Campaign' to create awareness to the general public about the value of **turtle conservation**, steps to help ensure their protection and encouraging responsible behavior such as **reducing plastic waste**, avoiding products made from turtles, supporting regional conservation efforts and disclosing any illegal activities to turtles.

Students gave a **talk** to Cyberjaya Lake Garden park visitors about turtle invasion awareness and conducted a **clean up** of the area around the lake and disposed the collected trash appropriately.

Education and Community Outreach

Water conservation

Students from the Environmental Volunteerism course conducted a campaign on water conservation at the Cyberjaya Lake Garden. Feedback on water conservation was collected from the visitors of the park.

Education and Community Outreach

Overfishing

A movie screening featuring documentary 'Seaspiracy' was conducted during SDG Week in collaboration with Malaysian Vegetarian Society and The Green Spoon to raise awareness about overfishing, illegal, unreported, unregulated fishing, destructive fishing practices, promote conservation and sustainable utilisation of the oceans and marine resources.

The interactive Q&A session was led by Faisal Mansor representing Malaysian Vegetarian Society, ProVeg Malaysia, the green spoon malaysia and Diyana Rahim from Youths United For Earth (YUFE) and Animal Alliance Asia. It sparked meaningful discussions aimed at nurturing curiosity and inspiring change. Attendees were treated to plant-based finger foods.

Education and Community Outreach

Beach Clean-up

Environmental volunteerism students conducted a beach clean-up at Bagan Lalang Beach to create awareness on beach pollution and importance of keeping the beach clean in preventing marine wildlife harm, preventing plastic waste from reaching the oceans and contributing to the global plastic pollution crisis and promoting sustainable tourism, clean beaches contribute to a positive image of a destination, attracting responsible and sustainable tourism practice.

Action plan to reduce plastic waste

Staff and students are encouraged to use **reusable cutleries and utensils** during events.

University of Cyberjaya new intake students received **reusable water bottle** to encourage **reuse** and **refill**. Water dispensers are provided for refill of drinking water.

Vendors at the **Zero Waste Fest** during **SDG Week** encouraged **Bring Your Own Containers (BYOC)** with discount and reusable containers for takeaways.
