SDG 17: Partnerships for the Goals

17 PARTNERSHIPS FOR THE GOALS

SDG 17 · PARTNERSHIPS FOR THE GOALS

Our Commitment to Partnerships for the Goals

STRENGTHEN THE MEANS OF IMPLEMENTATION AND REVITALISE THE GLOBAL PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

No university can deliver the Sustainable Development Goals alone. At the University of Cyberjaya, almost everything we report on the other sixteen goals was achieved with a partner: a ministry, a council, an NGO, a company, a school or a global body.

Our commitment to SDG 17 is to build partnerships that last and that matter. We work with government on policy, bring sectors together for dialogue, contribute to international data and best practice, and volunteer, research and teach alongside NGOs. We report openly on every goal, and we make the SDGs part of every student's education.

This report sets out our goals, the progress we made against them in 2025, and the partners who made it possible.

Our goals

01 RESEARCH WITH THE WORLD
Co-author research with partners in low and lower-middle income countries. **17.1**

02 SHAPE SDG POLICY
Work with government and NGOs on policy for the goals. **17.2.1**

03 BRING SECTORS TOGETHER
Convene dialogue between government, NGOs, industry and communities. **17.2.2**

04 MEASURE THE SDGS
Contribute to international efforts to gather and measure SDG data. **17.2.3**

05 SHARE BEST PRACTICE
Collaborate internationally on what works for the SDGs. **17.2.4**

06 WORK WITH NGOS
Volunteer, research and develop resources with NGOs. **17.2.5**

07 REPORT ON EVERY GOAL
Publish a progress report for each of the 17 SDGs every year. **17.3**

08 TEACH THE SDGS
Build the SDGs into every student's education and share them with the community. **17.4.1 – 17.4.4**

PARTNERS IN POLICY

Shaping Policy with Government

GLOBAL, NATIONAL AND DISTRICT · 2025

5 policy partnerships

from the World Health Organization in Geneva to district health offices in Muar

Our most important partnerships put University expertise directly into policy. In 2025, they ranged from global guidance on blood safety to the way district health offices plan community programmes.

The five strongest are listed below, ranked by impact, scope, the standing of the partner and the strength of the evidence.

PARTNER	POLICY CONTRIBUTION	LEVEL
World Health Organization	Dr Noryati Abu Amin appointed to the WHO Advisory Group on Blood Regulation, Availability and Safety (2025–2027), shaping global policy frameworks and technical guidance on blood systems	Global
Ministry of Rural and Regional Development (KPLB), with MOHE and Universiti Malaysia Sabah	Study of 711 low-income households in Kudat, Sabah; 13-chapter report with policy recommendations submitted to federal and state authorities	National and state
KPWKM and LPPKN	Prof Dr Rosnah Ismail contributed subject-matter expertise on endometriosis and family well-being to national policy work	National
Pejabat Kesihatan Daerah Sepang and Muar	Community Medicine findings on childhood injury and children's gadget use shared with, and used by, the district health offices in planning community health programmes	District
Medical Device Authority	Engagement on joint research into medical device policy with the national regulator	National

PARTNERS IN POLICY

Bringing Sectors Together

KUALA LUMPUR, MUAR AND SUBANG JAYA · 2025

Many SDG problems need government, NGOs, industry, health professionals and communities in the same room. In 2025 the University convened or co-hosted dialogues that did exactly that, from women's health to tobacco control and disaster relief.

DIALOGUE	SECTORS BROUGHT TOGETHER	SDGS
'Jalinan Kasih Memenuhi Harapan' forum on endometriosis and family well-being (15 May 2025)	Government (KPWKM, LPPKN), NGO (MyEndosis), universities (UoC, UTAR), health professionals and families	3, 5
National Tobacco Control Conference 2025, hosted with the National Cancer Society Malaysia (9 June 2025)	NGO, government, health professionals and academics	3
'Hapuskan Asap, Selamatkan Nyawa' anti-smoking programme, Parit Jawa (9 August 2025)	District office, Majlis Perbandaran Muar, Klinik Kesihatan Parit Jawa, World Vision, Muar Care, PDK Nur Zaharah and five schools	3, 4, 10
INNOMD 2025 at International Health Week (16–18 July 2025)	Government innovation agency (PERANTIM), medical-technology industry, investors and students	9
Putra Heights fire relief (12 April 2025)	Government (JKM), community organisation (MyCARE-KEMAS) and the University	1, 3, 11

INTERNATIONAL · 2025

4 global datasets

that University staff and students contributed to in 2025

Good data underpins every SDG. In 2025 University staff and students contributed to international datasets on blood safety, refugee health, ocean litter and biodiversity, from WHO's global report to two citizen-science platforms.

PARTNER	DATA CONTRIBUTION	SDGS
World Health Organization	Contribution to the Global Status Report on Blood Safety and Availability 2025, the global dataset on blood systems	3
United Nations Population Fund (UNFPA)	Research grant measuring the sexual and reproductive health needs of Rohingya refugees	3, 5, 10
Ocean Conservancy (Clean Swell)	Waste data from the University's coastal clean-ups uploaded to the international coastal clean-up database	14
iNaturalist, with the Alliance of River Three	Plant and insect records from Taman Melawati added to the global biodiversity database	15

GLOBAL PARTNERS

Learning from the Best, Worldwide

INTERNATIONAL · 2025

Best practice travels both ways. In 2025 the University brought international methods to Malaysia, from UK systems engineering for health services to the IPCC-based Climate Fresk, and shared its own expertise with the World Health Organization and partners in India.

PARTNER	BEST-PRACTICE COLLABORATION	SDGS
World Health Organization	Technical guidance on blood regulation, availability and safety; named contributor to WHO Technical Report Series 1060 on pharmaceutical specifications	3, 9
United Nations Population Fund (UNFPA)	Joint research to improve sexual and reproductive health services for refugees	3, 5, 10
Advance Pact (UK) with the Centre for Systems in Health Malaysia	Engineering Better Care workshop transferring UK systems-engineering practice to Malaysian health services	3, 9
Climate Fresk	International, IPCC-based climate literacy method delivered on campus by a certified facilitator	13
Sethu Institute of Technology and Sathyabama Institute of Science and Technology (India)	International Seminar on Digital Health; research mentorship for Sathyabama researchers	3, 4, 9

WORKING WITH NGOS

Volunteering with NGOs

KLANG VALLEY, SELANGOR AND MELAKA · 2025

Our students worked with 27 NGOs and community organisations in 2025, through their compulsory general-studies courses and student clubs. These are the five largest volunteering partnerships.

NGO	VOLUNTEERING PROGRAMME	REACH
Young Lives Malaysia	Crossroads mental-health and resilience sessions	790 Myanmar refugees in three sessions
Malaysian Red Crescent, Be Vital and Humanitarian Aid Selangor Society	Karnival Mesra Ubat (KaMU) 2025: screening, medication counselling and first aid	141 Rohingya refugees
Sustainability Solutions	Six coastal clean-ups across Selangor, including 450.6 kg at Bagan Lalang	Six beaches
Kechara Soup Kitchen and Food Bank	Street food distribution in Pudu and Brickfields; surplus food rescue	More than 120 homeless people; one charity home
Malaysian Nature Society Melaka	Turtle conservation and nesting-beach clean-up	Padang Kemunting nesting beach

WORKING WITH NGOS

Research and Resources with NGOs

KLANG VALLEY AND PORT DICKSON · 2025

6 joint projects

of research and teaching resources with NGOs

NGO partnerships go beyond volunteering. With NGOs, our staff and students carried out joint research on women's health and river health, and produced teaching kits, videos and signs that partners now use with their own communities.

PARTNER	RESEARCH OR RESOURCE	SDGS
MyEndosis	Research: Study of endometriosis awareness and help-seeking among young Malaysian women	3, 5
Alliance of River Three (ART!)	Research: Biodiversity survey and water-quality monitoring of Sungai Klang at Taman Melawati	6, 15
Grass Malaysia	Research: Quarterly water-quality testing of Sungai Gombak to track the effect of riverbank planting	6, 13
Sahabat Alam Malaysia (SAM)	Resource: Bahasa Melayu papermaking and recycling teaching kit for SK Orang Asli Bukit Tadom	4, 12
Alliance of River Three (ART!)	Resource: Video on how household rubbish blocks drains, shared with Taman Melawati residents	6, 11
Fishermen's association, Port Dickson	Resource: Signs for campers on keeping waste out of the sea	14

EDUCATION AND REPORTING

The SDGs in Every Student's Education

CAMPUS AND COMMUNITY · 2025

SDG education is built into the University's compulsory general-studies (MPU) courses. In 2025, students completed 52 course-based community projects mapped to the SDGs: 25 under Young Mercy, 22 under Environmental Volunteerism and 5 under Al-Quran dan Khidmat Masyarakat. Medical students add an SDG-linked Health Intervention Programme in Sepang and Muar.

The University also offers programmes with a sustainability focus, including the Bachelor of Occupational Safety and Health (Hons) and the MSc Public Health (Global Health). We measure what changes: at the Climate Fresk workshop, the share of participants who could explain the link between greenhouse gases and extreme weather rose from 38% to 81%.

SDG education also reaches the wider community, through programmes like these:

PROGRAMME	COMMUNITY	REACH
Crossroads with Young Lives Malaysia	Displaced people: Myanmar refugees and asylum seekers	790 participants
Forever Young at Heart camp, SJK (C) Sin Ming	Local school community	200 Standard 6 pupils
KaMU 2025 'Tolak Ubat Tidak Sah'	Displaced people: Rohingya refugees	141 refugees
Educycle Nexus, SK Orang Asli Bukit Tadom	Local indigenous school community	About 95 pupils
Hati Kuat, Kawan Selamat, Sekolah Agama Rakyat Kafai	Local school community	70 pupils
